

2024 Formulary

Effective January 1, 2024

Ambetter.SuperiorHealthPlan.com

Formulary Introduction

SUMMARY OF FORMULARY BENEFITS

The information in this document is designed to help you understand the prescription drug benefits offered under this plan and to compare these benefits to those offered by other plans. Information contained in this summary is designed to help you compare both the value and scope of formulary benefits.

HOW TO FIND INFORMATION ON THE COST OF PRESCRIPTION DRUGS

To find the cost of your prescription please visit

<https://ambetter.superiorhealthplan.com/resources/pharmacy-resources.html>. In the Drug Cost tool please select the plan in which you are participating (planning to participate) and enter medications that you are taking. The tool will provide you an approximate cost of your prescriptions and actual allowed cost for branded products. If the total medication cost is less than the co-pay that you would pay for that Tier, you will be responsible only for the lesser off amount.

DRUG BY COST-SHARING TIER

Tier	Percent of drugs in each cost-sharing tier:
0	5.68%
1a	4.89%
1b	77.32%
2	1.26%
3	3.58%
4	7.27%

HOW PRESCRIPTION DRUGS ARE COVERED UNDER THE PLAN

A. FORMULARY COMPOSITION:

Ambetter formulary is guided by the principle of offering widest possible access to drugs at the lowest cost. With that in mind, we start with the Affordable Care Act mandated benchmark. We then review the formulary for addition of other clinically necessary and appropriate drugs. Ambetter's formulary is considered a closed formulary. This means that any drug not found in the formulary requires prior authorization. To make sure that our members have access to appropriate drugs, we review and update our formulary monthly.

B. RIGHT TO APPEAL

If we deny your request for Prior Authorization, you have 180 days from being denied coverage for a drug to file an appeal and your appeal will be resolved within 30 days. In the event that your appeal is successful, non-specialty non-formulary drugs will be covered at your Tier 3 cost-share (co-pay or co-insurance) and specialty non-formulary drugs will be covered at your Tier 4 cost-share (co-pay or co-insurance). Please consult your individual Summary of Benefits and Coverage for additional information on your cost-share. All other provisions of your benefit, such as deductibles and maximum out of pockets, apply to formulary and non-formulary drugs that have been provided through an appeal.

C. CONTINUATION OF COVERAGE

Ambetter does not make changes to our formulary requiring a continuation of coverage. However, if a formulary change is made requiring continuation of coverage, you would have the right to continue receiving drug at the coverage level or tier at which the drug was covered at the beginning of the plan year, until your plan is renewed.

D. OFF-LABEL DRUG USE

We provide coverage for off-label drugs use. Off-label use indicates medications use that has not been FDA approved for that condition. Coverage of a product under off-label use policy requires that the following must be true:

- a. Use must be diagnosis specific as defined by ICD-10 code AND
- b. Off-label use must be supported by one major multi-site study or three smaller studies published in a reputable medical journal, peer reviewed specialty medical journal, or listed in reputable compendia.

E. COSTSHARING

Cost sharing is your monetary participation in your care. You will need to know few items to determine the cost-share you are responsible for. Knowing the following items will help you estimate the cost you'll be responsible for at any given time: how much of your deductible you have already paid, how much deductible remains, what drug you are prescriber, and your maximum out of pocket allowance. All those items, with the exception of the tier, can be obtained from the Summary of Benefits and Coverage (see links above). To obtain the tier for your drug please consult the Formulary. To determine your cost share please follow steps below:

- a. Determine the tier that the drug/product you are filling is listed under by consulting the Formulary.
- b. Once you have determined the tier, utilize the Summary of Benefits and Coverage (SBC) document to determine what cost-share will apply to your selected drug/product.
- c. If you have not met your deductible, you will be responsible for the full cost of the drug until you meet your deductible.
- d. If you have met your deductible, but not your Maximum Out of Pocket, you will be charged a copay for drugs that are assigned a copay under your SBC and co-insurance for drugs that are assigned a co-insurance under your SBC. Generally, you will pay one (1) co-pay for each 30-day supply of medication. Two co-pays will be charged for 2-month supply and three co-pays for 3-month supply of your medication, respectively.
- e. To determine the cost for co-insurance drugs/products, please utilize our online drug search tool. Please see section: "HOW TO FIND INFORMATION ON THE COST OF PRESCRIPTION DRUGS" above.

Please be aware that pharmacy claims will only process if you present your prescription to an in-network pharmacy. Out-of-network claims will not be covered. To find an in-network pharmacy close to you please consult our Find a Provider tool available on our website under Pharmacy Resources.

Your cost share for maintenance medication obtained through either Mail Order or at retail pharmacies participating in our Extended Day's supply retail network will be calculated based on the day supply that you obtain. For up to 30-day supply you will be charged one (1) copay or co-insurance, 31-60 days supply you will be responsible for two (2) copays or co-insurance and for day supply greater than 60 but less than 91 you will be charged three (3) copays or co-insurance. Some benefit designs may offer lower copays or co-insurance for 61 but less than 91 day supply at Mail Order. Please consult your Summary of Benefit and Coverage (SBC) for further details.

D. MEDICAL MANAGEMENT REQUIREMENTS

Prior Authorization (PA) – Drugs that have PA indication on the formulary require Prior Authorization. You or your provider must request an authorization from us to use this drug/product prior to filling a prescription for the drug/product.

Step Therapy (ST) - Drugs that have a ST indication on the formulary require that you try and fail other formulary products before you can obtain drug/product. When you provider does not feel that trying another product is appropriate your provider or you can submit a

regular Prior Authorization to obtain the Step Therapy drug/product.

Quantity Limit (QL) – Drugs that have QL indication on the Formulary are limited to the quantity indicated. Those quantity limits are based on FDA approved maximum doses. If your provider would like to request exception to those limits, he/she may submit a Prior Authorization request. All requests for quantity limit exception will be processed under our Off-Label policy.

Non-Formulary Drugs – Drugs not found on this formulary are considered non-formulary drugs. To obtain non-formulary drugs your provider would have to submit a regular Prior Authorization request. All request for Non-Formulary Drugs will be reviewed under our Non-Formulary Drug Request Policy.

STANDARD FORMULARY

The Ambetter from Superior Healthplan Formulary or Prescription Drug List, is a guide to available brand and generic drugs that are approved by the Food and Drug Administration (FDA) and covered through your prescription drug benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 to help identify brand drugs that are clinically appropriate, safe, and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the Formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in this document. Please check your benefits for coverage limitations and your share of cost for your drugs.

Drug List Key:

Brand name drugs are listed in CAPS and generic drugs are lower case.
Drugs are covered under different copay tiers depending on your benefit:

Tier 0 - No copayment for those drugs that are used for prevention and are mandated by the Affordable Care Act. Select oral contraceptives, vitamin D, folic acid for women of child bearing age, over-the-counter (OTC) aspirin, and smoking cessation products may be covered under this tier. Certain age limits may apply.

Tier 1_A- Lowest copayment for select drugs that offer the greatest value compared to other drugs used to treat similar conditions. Select over-the-counter (OTC) drugs may be covered under this tier.

Tier 1_B- Low copayment for those drugs that offer great value compared to other drugs used to treat similar conditions. Select over-the-counter (OTC) drugs may be covered under this tier.

Tier 2 - Medium copayment covers brand name drugs that are generally more affordable, or may be preferred compared to other drugs to treat the same conditions.

Tier 3 -High copayment covers higher cost brand name and non-preferred generic drugs. This tier may also cover non-specialty drugs that are not on the Prescription Drug List but approval has been granted for coverage.

Tier 4 - Highest copayment is for “specialty” drugs used to treat complex, chronic conditions that may require special handling, storage or clinical management. Prescription drugs covered under the specialty tier may require fulfillment at a pharmacy that participates in Ambetter’s “specialty” or “hemophilia” networks. For additional information on which pharmacies are within our “specialty” or “hemophilia” networks, please consult Ambetter website’s pharmacy information section.

Prior Authorization for Non-Formulary Drugs

To obtain prior authorization for a non-formulary drug, your provider must fill out the Prior Authorization form. Pharmacy Services will respond via fax or phone within 24 hours of receipt of all necessary information for urgent requests, and within 72 hours for non-urgent requests, unless state law requires faster response. If the request is disapproved, the notice of disapproval will contain a clear explanation of the specific reasons for disapproving the prior authorization request, or if the request was incomplete, the explanation will identify the missing material information that is necessary to complete the request.

Formulary Abbreviations:

Abbreviation	Term	What it means
AL	Age Limit	Some drugs are only covered for certain ages.
QL	Quantity Limit	Some drugs are only covered for a certain amount.
PA	Prior Authorization	Your doctor must ask for approval from Ambetter before some drugs will be covered.
ST	Step Therapy	In some cases, you must first try certain drugs before Ambetter covers another drug for your medical condition. For example, if Drug A and Drug B both treat your medical condition, Ambetter may not cover Drug B unless you try Drug A first.
NF	Non-formulary	This product is not covered unless you or your provider request an exception. Alternative medications are listed next to non-covered product
RX/OTC	Prescription and OTC	These drugs are made in both prescription form and Over-the-counter (OTC) form.
SP	Specialty Drug	These products are Specialty Drugs that may have special fill requirements.
SF	Split Fill	Initially, certain medications may only be available in 15-day-supply increments until you are stabilized on the medication. After you have been taking the medication for 90 days, this restriction may no longer apply.

Opioid Medications:

Medications identified on the formulary by "**New starts limited to 7 day supply**" allow up to two 7 day fills during any 28 day period and up to a total of 28 day non-consecutive supply in any 90 day period. This limit applies cumulatively to all opioid medications filled. For fills exceeding these limits, your providers may submit a Prior Authorization request.
