How Can I Pay My Monthly Premium?

(Continued)

What Happens If I Pay Late?

Your bill is due before the first day of every month. For example, if you are paying your premium for June, it will be due May 31.

If you don't pay your premium before its due date, you may enter a grace period. This is the extra time we give you to pay. During a grace period, we may hold — or pend — payment of your claims. During your grace period, you will still have coverage. However, if you don't pay before a grace period ends, you run the risk of losing your coverage. Refer to your *Evidence of Coverage* for grace period details.

Finding the Right Care

Remember you do have the option to change your PCP to an in-network provider and see them in person but here are two important things to note:

- 1. Members must change their Ambetter Virtual Access PCP to an in-person PCP via their Ambetter member account prior to scheduling an appointment.**
- 2. A copay will apply for an in-person PCP visit.**

Check out our *Provider Directory* for a full list of your options and their contact information. It's on the **Find a Doctor** page of guide.ambetterhealth.com.

Refer to your *Evidence of Coverage* for more information on your Provider Directory.

Every time you receive care, make sure to stay within the Ambetter Virtual network.

We're proud to offer our quality service. Our local provider network is the group of doctors, hospitals and other healthcare providers who have agreed to provide you with your healthcare services.

To search our online Provider Directory, visit guide.ambetterhealth.com and use our **Ambetter Guide — the new Ambetter provider search tool**. This guide will have the most up-to-date information about our provider network, including information such as name, address, telephone numbers, hours of operation, professional qualifications, medical school attended, residency completion, specialty, and board certification. It can help you find a primary care provider (PCP), pharmacy, lab, hospital or specialist. You can narrow your search by:

- Provider specialty
- ZIP code
- Gender
- Languages spoken
- Whether or not they are currently accepting new patients

A Provider Directory is a listing of providers near you. If you would like a printed copy of this listing, please call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

In-Network or Network Provider means a physician or provider who is identified in the most current list for the network shown on your member ID.

Out-of-Network or Non-Network Provider means a physician or provider who is NOT identified in the most current list for the network shown on your member ID. Services received from an out-of-network provider are not covered, except as specifically stated in your *Evidence of Coverage*.

Throughout the year, the provider's available in-network may change. It is important that you review the Provider Directory for the latest information on whether or not the provider you are planning to see is in-network. We encourage you to ask the providers if they participate with Ambetter before they treat you, so you know whether you may receive an additional bill for their services. For more information, contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

What Happens If Your Provider Leaves Our Network?

Please contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) as soon as you know that your PCP is leaving. We can help you select a new PCP. If you have a specialist that disenrolls from our provider network, please call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). We will work with you to help you. There are special circumstances which will allow you to continue treatment for a limited time with a provider who has left the network. You will be able to do this as long as your provider's termination isn't for quality-related reasons. Please refer to your *Evidence of Coverage* for details on special circumstances.

Get The Right Care At The Right Place

When you need medical care, you need to be able to quickly decide where to go or what to do. Get to know your options! They include:

1. **Calling our 24/7 nurse advice line**
2. **Accessing Ambetter Telehealth**
3. **Making an appointment with your primary care provider (PCP)**
4. **Visiting an urgent care center**
5. **Going to the emergency room (ER)**

Your decision will depend on your specific situation. The next section describes each of your options in more detail, so keep reading. And remember — always make sure your providers are in-network. Using in-network providers can save you money on your healthcare costs. Every time you receive medical care, you will need your member ID.

Learn more about your options at <https://Ambetter.SuperiorHealthPlan.com/resources/handbooks-forms/where-to-go-for-care.html>

Your Primary Care Provider (PCP)

Members 18 and over will receive primary care virtually by Teladoc when selecting Ambetter Virtual Access Primary Care as your plan. You will contact Teladoc for regular checkups and any non-life-threatening conditions.*

In order to select a Teladoc PCP and schedule a visit, you will need to download the Teladoc app from the App Store/Google Play Store or visit Teladoc.com/ambettervirtualaccess/. You will then need to register with Teladoc and log in via the Teladoc app or webpage using those credentials.

**Members under the age of 18 will select a PCP with a physical office location. Use our online Ambetter Virtual Guide to find an in network provider in your area. If you do not select a PCP, one will be auto-assigned.*

You will use your Ambetter Virtual Access Primary Care if you need**:

- Your annual wellness checkup & vaccinations
- Advice about your overall health
- Help with medical problems such as cold, the flu and fevers
- Consultations for ongoing health issues like asthma or diabetes

***Any service not performed through Ambetter Virtual Access by Teladoc will require a referral.*

Selecting A Different PCP

We want you to be happy with the care you receive from our providers. So if you would like to change your PCP for any reason, visit Ambetter.SuperiorHealthPlan.com. Log in to your online member account and follow these steps:

Remember you do have the option to change your PCP to an in-network provider and see them in person but here are two important things to note:

Selecting A Different PCP (Continued)

- 1. Members must change their Ambetter Virtual Access PCP to an in-person PCP via their Ambetter member account prior to scheduling an appointment.**
- 2. A copay will apply for an in-person PCP visit, except for preventive care.**

To learn more about a specific PCP or to select a different PCP, call 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). You can also visit guide.ambetterhealth.com to see our provider list on our Ambetter Guide page.

**If you choose a nurse practitioner or physician assistant as your PCP, your benefit coverage and co-payment amounts are the same as they would be for services from other participating providers. Review your Summary of Benefits for more information.*

When Do You Need A Referral?

If you have a specific medical problem, condition, injury or disease, you may need to see a specialist. A specialist is a provider who is trained in a specific area of healthcare. To see a specialist, you may need a referral from your PCP.

Your benefits may be reduced or not covered if referral requirements are not met. In addition, a prior authorization may be required for certain services. Refer to your *Evidence of Coverage Policy* for more information.

What is prior authorization?

Some medical, pharmaceutical and behavioral health covered services require prior authorization to verify medical necessity. Emergency Services do not require prior authorization. Network providers are responsible to obtain prior authorization for services as applicable.

A prior authorization may be required for certain services. Visit Ambetter.SuperiorHealthPlan.com for a full list of services that require prior authorization. Refer to your *Evidence of Coverage* for more information.

When To Go To An Urgent Care Center

An urgent care center provides fast, hands-on care for illnesses or injuries that aren't life threatening but still need to be treated within 24 hours. Typically, you will go to an urgent care center if your PCP cannot get you in for a visit right away.

Common urgent care issues include:

- Sprains
- Ear infections
- High fevers
- Flu symptoms with vomiting

Call our 24/7 nurse advice line anytime: 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

If you think you need to go to an urgent care center, follow these steps:

- Call your PCP. Your PCP may give you care and directions over the phone or direct you to the right place for care.
- If your PCP's office is unavailable, you have two options:
 1. Locate an in-network urgent care center by using our online Ambetter Guide at guide.ambetterhealth.com, type in "Urgent Care" and your zip code, then click search.
 2. Call our 24/7 nurse advice line at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). A nurse will help you over the phone or direct you to other care. You may have to give the nurse your phone number.

Check your *Summary of Benefits* to see how much you must pay for urgent care services.

After your visit, let your PCP know you were seen at an urgent care and why.

When To Go To The ER

Anything that could endanger your life (or your unborn child's life, if you're pregnant) without immediate medical attention is considered an emergency situation. Emergency services treat accidental injuries or the onset of what appears to be a medical condition. We cover emergency medical and behavioral health services both in and out of our network. Please note some providers that treat you within the ER may not be contracted with Ambetter. Note that you should only receive a bill from these out-of-network providers for your cost share which includes deductible, copayments or coinsurance. If you do receive a bill in excess of those amounts, you should notify Ambetter by visiting our website at Ambetter.SuperiorHealthPlan.com or by contacting Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). You should make sure that any post stabilization care and all follow-up care is provided by an in-network provider to avoid unexpected charges.

Refer to your *Evidence of Coverage* for more information on provider billing and balance billing.

Have your member ID and photo ID ready. You will need them whenever you receive any type of care.

Urgent care is not emergency care. Only go to the ER if your doctor tells you to or if you have a life-threatening emergency.

When To Go To The ER (Continued)

Go to the ER if you have:

- Broken bones
- Bleeding that won't stop
- Labor pains or other bleeding (if you're pregnant)
- Severe chest pains or heart attack symptoms
- Overdosed on drugs
- Ingested poison
- Bad burns
- Shock symptoms (sweat, thirst, dizziness, pale skin)
- Convulsions or seizures
- Trouble breathing
- The sudden inability to see, move or speak
- Gun or knife wounds

Don't go to the ER for:

- Flus, colds, sore throats or earaches
- Sprains or strains
- Cuts or scrapes that don't require stitches
- More medicine or prescription refills
- Diaper rash

What if you need Emergency Care out of our service area?

Our plan will pay for emergency care while you are out of the county or state. If you go to an out-of-network ER and you aren't experiencing a true emergency, you may be responsible for any amounts above what your plan covers. Those additional amounts could be very large and would be in addition to your plan's cost sharing and deductibles.

Learn more about your options at <https://Ambetter.SuperiorHealthPlan.com/resources/handbooks-forms/where-to-go-for-care.html>

If you need help deciding where to go for care, call our 24/7 nurse advice line at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). In an emergency, call 911 or head straight to the nearest emergency room. Seek ER services only if your life is at risk and you need immediate, emergency medical attention.

What To Do If You Receive A Bill From A Provider Or Physician

When seeing an in network provider, including but not limited to physicians, hospitals, pharmacies, facilities and healthcare professionals, you are responsible for any applicable cost sharing amounts (e.g. co-pay, deductible or co-insurance). Your member responsibility can be viewed on the *Explanation of Benefits*. This can be found by logging into your secure account at Ambetter.SuperiorHealthPlan.com.

As a member of Ambetter, out-of-network providers should not bill you for covered services for any amount greater than your applicable in-network cost sharing responsibilities when:

- You receive a covered emergency service or air ambulance service from an out-of-network provider. This includes services you may get after you are in stable condition, unless the out-of-network provider obtains your written consent to bill you for their service.
- You receive non-emergency ancillary services (emergency medicine, anesthesiology, pathology, radiology, and neonatology, as well as diagnostic services (including radiology and laboratory services)) from an out-of-network provider at a network hospital or network ambulatory surgical facility.
- You receive non-emergency services from an out-of-network provider at a network hospital or network ambulatory surgical facility, unless the out-of-network provider obtains your written consent to bill you for their service.

If you receive a bill for services in the above situations, please contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

Refer to your *Evidence of Coverage* for information on Balance Billing and Eligible Service Expenses.

How To Get Medical Care When You're Out Of Your Service Area

When you're outside of the service area, we do not cover routine or maintenance care. However, you may use Ambetter Telehealth services to allow you convenient, 24-hour access to in-network providers for non-emergency medical issues. You can instant message, video chat and upload images to a doctor, even outside your service area. You must register for a telehealth account to get started. For more information on these services and how to register, visit <https://ambetter.superiorhealthplan.com/benefits-services/telehealth-services.html>. Ambetter will also cover emergency care outside of your service area. If you are temporarily out of the area and have a medical or behavioral health emergency, call 911 or go to the nearest emergency room. You don't need prior approval for emergency care. Be sure to call us and report your emergency within one business day. You may have additional financial responsibility for non-emergency services if you are out-of-network. Refer to your *Evidence of Coverage* or call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) for more information. Use our Ambetter Guide tool at guide.ambetterhealth.com to search for in-network providers in other areas.

Out-of-area is any area where Ambetter is not offered. Refer to the Service Area listing in the Glossary.

If You're Not Happy With Your Care

We hope you will always be happy with our providers and us. But if you aren't, or you aren't able to find answers to your questions, we have steps for you to follow:

- Complaint Process
- Internal appeal process for denied services
- External appeal process for denied services

How To File A Complaint

A complaint is any dissatisfaction expressed by a member orally or in writing to Ambetter regarding any aspect of the health plan's operations. Some complaints can be resolved through first call resolution if they can be fully addressed and closed.

Examples of a complaint could be:

- "My doctor prescribed a medication that I'm allergic to and I've had a terrible reaction"

1. Access to healthcare benefits, including an Adverse Determination made pursuant to utilization management;
2. Admission to or continued stay in a healthcare facility.

You must file the appeal within 180 calendar days from the date on your adverse determination letter. We will send an acknowledgment letter within five business days of receiving the appeal.

To file a verbal appeal, you can call us at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

How quickly we answer your appeal depends on the type of appeal that you file:

Expedited Appeal: If your appeal concerns denial of an emergency or a situation in which you may be forced to leave the hospital prematurely, or a denial of another service if your provider includes a written statement with supporting documentation that the service is necessary to treat a life-threatening condition or prevent serious harm to the you. You can also request an expedited appeal for denial of prescription drugs or intravenous infusions you are currently receiving.

Standard Appeal: An appeal that does not meet the Expedited definition.

OR

You must complete the appeal process with Ambetter before you can submit a request for External Review. If you are appealing a denial of a life-threatening condition or denial of prescription drugs or intravenous infusions you are currently receiving, you are not required to complete an internal appeal before requesting an External Review.

Communication Matters

All of our members are important to us. We want to make sure we communicate with you the best way that we can. Our members, prospective members, patients, clients and family of members can all use these services.

If you need communication aids or materials related to complaints and appeals, you can get them at no cost. We keep records of each complaint and appeal for 10 years.

What Is Utilization Management?

We want to make sure you get the right care and services. Our utilization management (UM) process is designed to make sure you get the treatment you need.

The UM Department checks to see if the service needed is a covered benefit. If it is a covered benefit, the UM clinicians will review it to see if the service requested meets medical necessity criteria. They do this by reviewing clinical documentations and talking with your doctor or provider. Ambetter does not reward practitioners, providers or employees who perform utilization reviews, including those of the delegated entities. UM's decision making is based only on appropriateness of care, services, and existence of coverage. Ambetter does not specifically reward practitioners or other individuals for issuing denials of coverage.

What Is Utilization Review?

Utilization Review ensures the care you receive is the best way to help improve your health condition. Utilization review includes:

Preservice or Prior Authorization review

Certain healthcare services require approval before you receive them. This process is known as prior authorization. Prior authorization means that we have pre-approved a service.

Services that require prior authorization can be found on our website or you can check with your PCP. When we receive a prior authorization request it is reviewed for medical necessity and appropriateness of care.

Concurrent review

Concurrent utilization review is a form of utilization review for ongoing healthcare or for an extension of treatment beyond previously approved healthcare. It includes discharge planning to ensure you receive services you need after your discharge from the hospital.

Retrospective review

Retrospective utilization review is a form of utilization review for healthcare services that have been provided to an enrollee. Retrospective utilization review does not include review of services for which prospective or concurrent utilization reviews were previously conducted or should have been previously conducted. We may also evaluate services you received due to special circumstances (for example, if we didn't receive an authorization request or notification because of an emergency).

What Is Utilization Review? (Continued)

Notification of Approved Services

You will receive notice of approval of services that require authorization. All information (including prior authorizations) can also be found by logging into the member secure portal and selecting the activity and usage link.

Adverse determinations and appeals

An adverse determination occurs when a service is not considered medically necessary, appropriate, or because it is experimental or investigational. You will receive written notification to let you know if we have made an adverse determination. In the notice, you will receive detailed information about why the decision was made, as well as the process and time frame you should follow for submitting appeals.

New Technology

Health technology is always changing and we want to grow with it. If we think a new medical advancement can benefit our members, we evaluate it for coverage. These advancements include:

- New technology
- New medical procedures
- New drugs
- New devices
- New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our members. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology. If the CPC doesn't review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

New Options For Managing Your Digital Medical Records

Starting July 1, 2021, a new federal rule named the Interoperability and Patient Access rule (CMS-915-F) made it easier for Ambetter members to access their health information when they need it most. You will now have complete access to your health information on your mobile device which will allow you to manage your health better and know what healthcare resources are available to you.

Imagine:

- You go to a new healthcare provider because you don't feel well and pull up your health history from the past five years on your mobile device.
- Finding a provider or specialist by checking an up-to-date provider directory who can use your health history to diagnose you and ensure you receive the best care you can.
- You have a question about a claim, so you go to your computer and see if it's paid, denied, or still being processed.
- Taking your health history data, at your request, with you as you move between health plans.*

**Ambetter members now have the ability to request that their health information be transferred with them as they move between health plans.*

THE NEW RULE MAKES IT SO YOU CAN EASILY FIND INFORMATION ON**:

- Claims (paid and denied)
- Specific parts of your clinical information
- Pharmacy drug coverage
- Healthcare providers

***Information is available for dates of service on or after January 1, 2016.*
