Policy Overview

Certain services, procedures or devices provided to members are covered in accordance with the member's coverage documents, when rendered by participating providers and, in certain circumstances, by non-participating provides, all in accordance with the treating provider's scope of practice and this policy. This policy expands the requirements for billing of molecular and genetic testing to advance the reliability of laboratory quality information and reduce variability in billing. Superior HealthPlan and Ambetter from Superior Healthplan (Superior and Ambetter) have contracted with Concert Genetics (Concert), a leader in data and digital infrastructure for the Genetic Health Information Network, to administer this policy. Concert Genetics has developed a novel method to translate a genetic test into a single code or code combination. This method, delivered as the Concert Coding Engine, standardizes the coding process for genetic testing, allowing a single way to code each test on the market. Concert provides tools that connect, unify, and simplify the world of genetic testing and ultimately lead to insights that accelerate healing and improve health.

Application

The policy applies to billing and payment for molecular pathology, Genomic Sequencing Procedures and Other Molecular Multianalyte Assays (GSP), Multianalyte Assays with Algorithmic Analyses (MAAA) and Proprietary Lab Analysis (PLA) testing services provided on an outpatient basis by independent laboratory providers contracted with Superior and Ambetter.

Policy Description

To verify the accuracy of a test catalog and review coding engine standards for each molecular and genetic test, laboratories billing for genetic and molecular testing services should register using the Concert Genetics portal at https://www.concertgenetics.com/join-superior. The portal offers a quality metrics questionnaire for completion by laboratories that leverages industry-standard quality programs with customization to reflect the unique characteristics of genetic testing while being minimally burdensome on providers. Laboratories will also utilize the Concert Portal to obtain and access the Genetic Testing Unit (GTU), a unique identifier for every genetic test that will be utilized for billing and payment.

Reimbursement

Laboratories should adhere to the following requirements for billing and reimbursement for genetic and molecular testing services:

- Bill for the test performed as indicated on the test requisition form;
- Include ordering provider information on all claim transactions;

- Coding must be consistent with AMA coding guidelines, as interpreted by the Concert Genetics coding engine (https://app.concertgenetics.com):
  - Codes are determined based on the attributes of the testing performed, not based on the clinical indication of the member;
  - If a test qualifies for panel code(s), the panel code(s) must be used;
  - If a panel code is not appropriate (or when medical policy exclusively covers components of panels), a limited number of individual components from multi-gene tests may be billed;
  - Only one unit of the non-specific procedure code, CPT-81479, may be billed per test.
  - When CPT-81479 is used, a claim procedure description is required (see Table 2). Including the Concert GTU satisfies this requirement, and it is the recommended way to do so.
  - When any procedure codes in Table 1 other than CPT-81479 are used, including a claim procedure description is optional (see Table 2). Including the Concert GTU in the claim procedure description is recommended.

Important Reminder
For the purposes of this payment policy, "Health Plan" means a health plan that has adopted this payment policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any other of such health plan's affiliates, as applicable.

The purpose of this payment policy is to provide a guide to payment, which is a component of the guidelines used to assist in making coverage and payment determinations and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage and payment determinations and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable plan-level administrative policies and procedures.

This payment policy is effective as of the date determined by Health Plan. The date of posting may not be the effective date of this payment policy. This payment policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this payment policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. Health Plan retains the right to change, amend or withdraw this payment policy, and additional payment policies may be developed and adopted as needed, at any time.

This payment policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This payment policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this policy are independent contractors who exercise independent judgment and over whom Health Plan has no control or right of control. Providers are not agents or employees of Health Plan.

This payment policy is the property of Centene Corporation. Unauthorized copying, use, and distribution of this payment policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note: For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this payment policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this payment policy.

Note: For Medicare members, to ensure consistency with the Medicare National Coverage Determinations (NCD) and Local Coverage Determinations (LCD), all applicable NCDs and LCDs should be reviewed prior to applying the criteria set forth in this payment policy. Refer to the CMS website at http://www.cms.gov for additional information.
