Everything you need to know about your plan:
Covered Services • Pharmacy Benefits • Emergency Services • Wellness Programs

For more information, visit Ambetter.SuperiorHealthPlan.com
If this information is not in your primary language, please call 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).
Welcome to Ambetter from Superior HealthPlan!

Thank you for choosing us as your health insurance plan. We’re excited to help you take charge of your health and to help you lead a healthier, more fulfilling life.

As our member, you have access to lots of helpful services and resources. This member handbook will help you understand all of them. Inside, you’ll find important information about:

- How your plan works
- Payment information
- Preventive care benefits
- Where to go for care
- Health management programs
- Pharmacy benefits
- Optional adult vision benefits
- And much more!

YOUR HEALTH IS OUR PRIORITY.

If you have questions, we’re always ready to help. And don’t forget to check out our online video library at Ambetter.SuperiorHealthPlan.com. It’s full of useful information.

When you call, have these items ready:
- Your ID card
- Your claim number or invoice for billing questions

**Health Insurance Policy**
Your *Health Insurance Policy* is a list of the benefits your plan covers and when you can receive them.

**Schedule of Benefits**
Your *Schedule of Benefits* is a list of the benefits your plan offers and how much you will have to pay for them.

**Interpreter Services**
If you don’t feel comfortable speaking English, we provide free interpreter services. Call Member Services at 1-877-687-1196 to learn more.
Learn about how to get the most out of your plan.
Set up your online member account to get started.
How Your Plan Works

So You Have Health Insurance — Now What?

Having health insurance is exciting. To get the most out of your plan, complete this simple checklist.

1. Set up your secure online member account. Visit Ambetter.SuperiorHealthPlan.com and click the “For Members” tab. Your member account stores all of your plan’s benefits and coverage information in one place. It gives you access to your Schedule of Benefits and Coverage, claims information, this member handbook and more.

2. Complete your online Ambetter Wellbeing Survey. All you have to do is log in to your online member account. Completing this survey helps us design your plan around your specific needs — and it helps you earn $50 in myhealthpay rewards! See page 41 to learn more about the myhealthpay program.

3. Enroll in automatic bill pay. Call us or log in to your online member account to sign up. Automatic bill pay automatically withdraws your monthly premium payment from your bank account. It’s simple, helpful, convenient and secure.

4. Pick your Primary Care Provider (PCP). Your PCP is your personal doctor who you will visit regularly for your annual checkups, sick visits and other basic healthcare needs. Just log in to your member account and view a list of Ambetter providers in your area by using the Provider Directory available on our website. Remember, your PCP (or personal doctor) is the main doctor you will see for most of your medical care.

5. Schedule your annual wellness exam with your PCP. After your first checkup, you’ll earn $50 in myhealthpay rewards! And anytime you need care, call your PCP and make an appointment!
Answers To Your Payment Questions

How Can I Pay My Monthly Bill?

1. Pay online (Our recommendation!)
   a. Create your online member account on Ambetter.SuperiorHealthPlan.com and enroll in automatic bill pay. You can set up automatic bill pay using your credit card, prepaid debit card, bank debit card or bank account.
   b. You can also pay by credit card, prepaid debit card or bank debit card. Visit Ambetter.SuperiorHealthPlan.com and follow the “pay online” instructions.

2. Pay by phone
   a. Pay over the phone by calling billing services at 1-844-PAY-BETTER. You will have the option to pay using the Interactive Voice Response (IVR) system at any time of the day, or you can speak to a billing services representative between 8 a.m. and 5 p.m. in all Texas time zones.

3. Pay by mail
   a. Send a check or money order to the address listed on your billing invoice payment coupon. Remember to write your Member ID number on the check or money order, detach the payment coupon from the billing invoice and mail with your payment to the address provided. Mailing to the correct address will ensure your payments are processed in a timely manner.

4. Pay with MoneyGram®
   a. MoneyGram® is our newest payment option. It’s fast and easy to use when you need to make same-day premium payments. MoneyGram offers convenient locations, so you can avoid the stress of making a late payment. Plus, Ambetter covers the MoneyGram fee — so you just pay your premium!
   b. To find a MoneyGram location near you, visit MoneyGram.com/BillPayLocations or call 1-800-926-9400. Learn more about using MoneyGram to make your Ambetter premium payment by visiting MoneyGram.com/BillPayment.
What Happens If I Pay Late?

Your bill is due before the first day of every month. For example, if you are paying your premium for June, it will be due May 31.

If you don’t pay your premium before its due date, you may enter a grace period (learn more on page 12). During your grace period, you will still have coverage. However, if you don’t pay before a grace period ends, you run the risk of losing your coverage. During a grace period, we may hold — or pend — payment of your medical expenses. If you do not pay your bill at the end of the grace period, you will be responsible for paying for your medical bills in full.

Member Services

We want you to have a great experience with Ambetter. Our Member Services department is always here for you. They can help you:

- Understand how your plan works.
- Learn how to get the care you need.
- Find answers to any questions you have about health insurance.
- See what your plan does and does not cover.
- Pick a Primary Care Provider (PCP) that meets your needs. Your PCP is also known as your personal doctor.
- Get more information about helpful programs, like Care Management.
- Find other healthcare providers (like participating pharmacies and labs).
- Request your Member ID card or other member materials.

Changes

You must contact the Health Insurance Marketplace to update your enrollment information such as your date of birth, address, or when reporting an income or life change.

Visit HealthCare.gov or call 1-800-318-2596 (TTY: 1-855-889-4325). When you’re connected, be ready to provide your state and then ask for a representative to help you.
24/7 Nurse Advice Line

Our free 24/7 Nurse Advice Line makes it easy to get answers to your health questions. You don’t even have to leave home! Staffed by registered nurses, our 24/7 Nurse Advice Line runs all day, every day. Call 1-877-687-1196 if you have questions about:

- Your health, medications or a chronic condition.
- Whether you should go to the emergency room (ER) or see your PCP.
- What to do for a sick child.
- How to handle a condition in the middle of the night.
- Accessing our online health information library.
Membership & Coverage Information

Be aware of important information on keeping your coverage. Your Ambetter coverage is good for as long as you continue to pay your premium and meet the eligibility requirements of the Health Insurance Marketplace.

You can always access helpful resources and information about your plan. Visit Ambetter.SuperiorHealthPlan.com and take charge of your health.
Important Coverage Details

Your Ambetter coverage is good for as long as you continue to pay your premium and meet the eligibility requirements* of the Health Insurance Marketplace.

*In order to maintain Eligibility with a marketplace plan you must:
  • Live in the United States
  • Be a legal, U.S. Citizen and Texas Resident within the Ambetter coverage area, (lawfully present)
  • Live within the Ambetter service area
  • Not be incarcerated, institutionalized, or emancipated
  • Not be covered by or eligible for: Medicaid, Medicare, MMP or similar State or Federal Programs

We do not discriminate against you because of your income, health history, physical or mental condition, previous status as a member, pre-existing conditions and/or expected health or genetic status or on the basis of race, color, national origin, sex, religion, sexual orientation, gender identity, age, disability, or housing status.

Check out Ambetter.SuperiorHealthPlan.com for more information about enrollment options and specific plan benefits.
Grace Periods

If you don’t pay your premium by its due date, you’ll enter a grace period. This is the extra time we give you to pay.

During your grace period, you will still have coverage. However, if you don’t pay before a grace period ends, you run the risk of losing your coverage. During a grace period, we may hold — or pend — payment of your claims. If your premium is not brought current by the end of your grace period, you will be held responsible for services provided to you during that time.

If your coverage is terminated for not paying your premium, you won’t be eligible to enroll with us again until Open Enrollment or a Special Enrollment period. So make sure you pay your bills on time!

If you receive a subsidy payment
After you pay your first bill, you have a three-month grace period. During the first month of your grace period, we will keep paying claims for covered services you receive. If you continue to receive services during the second and third months of your grace period, we may hold these claims. If your coverage is in the second or third month of a grace period, we will notify you and your healthcare providers about the possibility of denied claims. We will also notify the U.S. Department of Health and Human Services (HHS) that you haven’t paid your premium.

If you don’t receive a subsidy payment
After you pay your first bill, you have a grace period of one month. During this time, we will continue to cover your care, but we may hold your claims. We will notify you, your providers and the HHS about this non-payment and the possibility of denied claims.
Finding The Right Care

We’re proud to offer you quality care in Texas. Our local provider network is the group of doctors, hospitals and other healthcare providers who have agreed to provide you with your healthcare services.

To search our Provider Directory, visit Ambetter.SuperiorHealthPlan.com/findadoc and use our Find a Provider tool. This tool will have the most up-to-date information about our provider network, including information such as name, address, telephone numbers, professional qualifications, specialty, and board certification. For more information about a provider’s medical school and residency, call Member Services. The Find a Provider tool can help you find a Primary Care Provider (PCP), pharmacy, lab, hospital or specialist. You can narrow your search by:

- Provider specialty
- ZIP code
- Gender
- Languages spoken
- Whether or not he/she is currently accepting new patients

Preferred Providers vs. Nonpreferred Providers

Ambetter operates with an exclusive provider network comprised of preferred providers, also known as in-network providers. This is the collective group of physicians and healthcare providers available to a member under an exclusive provider benefit plan. The group is directly or indirectly contracted with Ambetter to provide medical or healthcare services to individuals insured under the plan. If something is in our network or preferred, it is covered on your health insurance plan.

Nonpreferred providers are also known as out-of-network providers. They are physicians or healthcare providers, or an organization of physicians or healthcare providers, that do not have a contract with Ambetter to provide medical care or healthcare on a preferred benefit basis to members covered by a health insurance policy issued by Ambetter. If something is out-of-network or nonpreferred, you will probably have to pay extra for services you receive. When possible, always stay in-network!

Every time you receive care, make sure to stay within the Ambetter network.

Get your free copy of our Provider Directory by calling Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).
Your Ambetter Member ID Card

When you enroll with Ambetter, you will receive a Member Welcome Packet. The Welcome Packet includes basic information about the health plan you selected, and Member ID cards for you and anyone else on your plan. You will receive your Welcome Packet and Member ID card(s) before your Ambetter health coverage begins.

Here are some things to keep in mind:

• Keep this card with you at all times.
• You will need to present this card anytime you receive healthcare services.
• If you don’t get your Member ID card before your coverage begins, call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). We will send you another card.
• You will not receive your Welcome Packet and Member ID card(s) until your binder payment and first month’s premium are paid in full.

If you need a temporary ID card or if you would like to request a new one, log in to your secure member account.

Here is an example of what a Member ID card typically looks like:

Front

Back
Get Online And Get In Control

Did you know you can always access helpful resources and information about your plan? It’s all on our website! Visit Ambetter.SuperiorHealthPlan.com and take charge of your health.

On our website, you can:
- Find a PCP.
- Locate other providers, like a pharmacy.
- Find health information.
- Learn about programs and services that can help you get and stay healthy.

Use your online member account to:
- Read your member materials (your Health Insurance Policy, Schedule of Benefits, and/or this handbook).
- Print a temporary ID card or request a new one.
- Pay your monthly bill.
- Change your PCP.
- Contact a nurse via the web.
- View your claims status and payment information
- Change your PCP
- Find pharmacy benefit information
- Send us a secure email.
- Review your out-of-pocket costs, copays and progress toward deductible.
- Track your myhealthpay® rewards.
- Complete your Wellbeing Survey.
Our plans provide coverage for a wide range of healthcare services. Understand your benefits and coverage included in your Ambetter health plan.
What Does Your Plan Cover?

We want to meet your healthcare needs. So our plans provide coverage for a wide range of medical and behavioral health services.

For a service to be covered and eligible for reimbursement, it must be:

- Described in your policy.
- Medically necessary.
- Prescribed by your treating provider or Primary Care Provider (PCP).
- Authorized by us (when required).
  - For example:
    » Services from or visits to an out-of-network/nonpreferred provider.
    » Certain surgical procedures.
    » Inpatient admissions.

Want to see if a service needs authorizing or check on the status of a service you submitted for authorization? Call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). You can also check Ambetter.SuperiorHealthPlan.com to see if services need authorization. If you do not obtain prior authorization before you receive the services, you may be held responsible for total payment. Refer to your Evidence of Coverage to learn more about prior authorizations.

You can find information about your specific copayments, cost sharing and deductible in your Schedule of Benefits. For a list of exclusions, refer to your Health Insurance Policy.
Here’s What Your Plan Covers

Preventive care services are regular health checkups that are designed to catch problems before they start. Stay up-to-date with these services — they can help you stay healthy! Be sure to schedule appointments for your preventive care visits.

To make sure you get the care you need — without any unexpected costs — it’s important for you to know:

- What preventive care services are and;
- Which services your health plan will cover

We cover these preventive care services:

<table>
<thead>
<tr>
<th>For all adults</th>
<th>For women</th>
<th>For infants, children and adolescents</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Annual wellness exams</td>
<td>• Annual well-woman exams</td>
<td>• Well-child visits</td>
</tr>
<tr>
<td>• Blood pressure screenings</td>
<td>• Routine mammography screenings*</td>
<td>• Immunizations and vaccines, as recommended by the CDC</td>
</tr>
<tr>
<td>• Cholesterol screenings</td>
<td>• Breastfeeding support and supplies</td>
<td>• Newborn screenings, like a hearing screening and a PKU (Phenylketonuria) screening</td>
</tr>
<tr>
<td>• Immunizations and vaccines, like the flu vaccine, as recommended by the CDC</td>
<td>• Pregnancy-related services</td>
<td>• Developmental screenings for children age three and under</td>
</tr>
<tr>
<td></td>
<td>- RH incompatibility screenings</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Gestational diabetes screenings</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Iron deficiency screenings</td>
<td></td>
</tr>
</tbody>
</table>

We cover:

- Preventive services that are recommended by the United States Preventive Services Task Force (USPSTF) as a Grade A or B. A listing of recommendations and guidelines can be found at: [www.Healthcare.gov/center/regulations/prevention.html](http://www.Healthcare.gov/center/regulations/prevention.html)
- Immunizations and vaccines recommended by the CDC.
  - 2017 immunization schedule
  - 2017 CDC adult immunization schedule
  - Birth–18 Years & “Catch-up” Immunization Schedules, United States, 2016
- Women’s preventive care supported by the Health Resources and Services Administration (HRSA).
- Wellness visits for infants, children and adolescents. See the schedule recommended by the American Academy of Pediatrics.

*Your health plan or Ambetter pays for a breast cancer screening once a year starting at age 35. It is the policy of Ambetter from Superior HealthPlan that digital tomosynthesis (3D) for breast imaging is not medically necessary. It is not considered to be a preventive health benefit. Therefore, you will be responsible for cost share associated with this service.
Your Plan Also Covers

- Ambulance services, only when emergent or medically necessary
- Autism Spectrum Disorder services
- Behavioral health services, substance abuse services and benefits for mental healthcare
- Emergency care or the treatment of an emergency condition in a hospital
- Habilitation, rehabilitation and extended care facility benefits
- Home healthcare services
- Hospice care
- Urgent care
- Medical and surgical benefits, including:
  - Hospital services
  - Surgery services
  - Physician services (PCP and specialists)
  - Professional services
  - Diagnostic testing
  - Chemotherapy
  - Hemodialysis
  - Anesthetics
  - Oxygen
  - Dental services as result of an injury
  - Diabetic equipment and supplies
  - Chiropractic services
  - Maternity care
  - Durable medical equipment and Medical Supplies (including non-durable* medical supplies)
  - Reconstructive surgery
  - Speech and hearing benefits
  - Outpatient prescription benefits (see Pharmacy Benefits on page 46)
  - Transplant services
  - Pediatric vision services

*Non-durable medical supplies are supplies that are the following:
- usually disposable in nature;
- cannot withstand repeated use by more than one individual;
- are primarily and customarily used to serve a medical purpose;
- generally are not useful to a person in the absence of illness or injury;
- may be ordered and/or prescribed by a physician.

Your Plan May Include**:

- Routine adult vision services (preventive eye exams, glasses and/or contact lenses).
- Three free visits as a part of your benefits. This includes only the actual visit with your PCP. Any labs, radiology (X-rays), minor surgeries or other services provided during the visit will be subject to your deductible and coinsurance. Preventive care visits, such as your annual well-visit exam, are not included as part of the free visits. We cover your preventive care visits separately.

**Coverage varies depending on your plan. See your Schedule of Benefits for your specific coverage information.
What’s Not Covered?

We offer many important wellness benefits and health screenings. However, there are still some things that your coverage doesn’t include.

Usually, we only cover services and supplies that are:

• Administered or ordered by your physician.
• Medically necessary to diagnose or treat your injury or illness.
• Covered under preventive care.

In general, we don’t cover:

• Services or supplies that are provided before coverage begins or after it ends.
• Charges that are greater than the eligible service expense.
• Charges related to In Vitro Fertilization (IVF), Gamete Intrafallopian Transfer (GIFT), and Zygote Intrafallopian Transfer (ZIFT).
• Abortion (unless the life of the mother would be endangered if the fetus were carried to term, or in cases of rape or incest).
• Breast reduction or augmentation (unless medically necessary).
• Cosmetic surgery
• Diagnosis or treatment of learning disabilities, attitudinal disorders or disciplinary problems.
• Eye refractive surgery (to correct nearsightedness, farsightedness or astigmatism).
• Experimental or investigative treatment or unproven services.
• Treatment received outside the United States (except for a medical emergency while traveling for up to 90 consecutive days).
• Illness or injury incurred as a result of a member’s intoxication, except as expressly provided for under the Mental Health and Substance Use Disorder benefits provision.
• Services or expenses for alternative treatments, including acupressure, acupuncture, aromatherapy, hypnotism, massage therapy, rolfing and other forms of alternative treatment.

Your Health Insurance Policy has a full list of coverage limitations and exclusions, plus a list of which healthcare services are covered on your particular plan.

Read the Ambetter Drug List at Ambetter. SuperiorHealthPlan.com/resources/pharmacy-resources.html for a complete list of all covered medications.
How To Get Medical Care When You’re Out Of Town

When you’re outside of the service area, we do not cover your routine or maintenance care. However, we do cover urgent and emergency care outside of your service area. You may have additional financial responsibility if you are out of network.

If you are traveling in a state that has an Ambetter plan, you may be able to see a provider that is part of the Ambetter network. Use the Find a Provider tool at ambetterhealth.com/find-a-provider.html to search for in-network providers in other areas.

If you are temporarily out of the area and have a medical or behavioral health emergency, call 911 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You don’t need prior approval for emergency care.

You will need to obtain prior authorization if you are admitted to the hospital after your emergency has been stabilized. Call Member Services at 1-877-687-1196 within 24 hours if you are admitted to a hospital.
What About Providers That Aren’t In-Network?

Providers that aren’t in-network are also known as nonpreferred providers. You should always access healthcare services through preferred providers that are in our network. The contract only provides benefits for services received from preferred providers, except as otherwise noted in the contract and written description or as otherwise required by law. If you need to see a nonpreferred/out-of-network provider, you will need to arrange care with your PCP and get prior approval from us. We have to approve an appointment with any nonpreferred/non-participating provider before you get non-emergency or non-urgent treatment.

If we approve your appointment with a nonpreferred/non-participating provider, your copayment and deductible will not change. We will let you know when the authorization is approved. **If you do not receive prior authorization, we cannot provide any benefit, coverage or reimbursement. You will be financially responsible for any and all payments.**

When receiving care at one of our participating hospitals or emergency rooms, it is possible that some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be under contract with us as preferred providers, also known as participating or in-network providers. These providers may bill you for the difference between our allowed amount and the provider’s billed charge — this is known as “balance billing.” We encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with us.
**Provider Billing: What To Expect**

After receiving medical care, you may get a bill from your provider. In-network/preferred providers can only bill you for your share of the cost of covered services. This includes your deductible, copayment and cost sharing percentage. If you receive a provider bill that doesn’t reflect your cost share as listed in your *Schedule of Benefits*, contact us right away. This is very important.

When receiving care at an Ambetter hospital some “hospital-based” providers (for example: anesthesiologists, radiologists, pathologists) may not be in-network. As a result, these providers may bill you for the difference between what Ambetter pays them and the total bill — this is known as “balance billing.” We encourage you to ask providers if they participate with Ambetter before they treat you, so you know whether or not you may receive an additional bill for their services.

If you have questions about a bill or statement you received, please contact us. The fastest way to get a response is by sending us an email through your secure member portal, but you can also call Member Services, or mail or fax us the bill or statement. We will find out why the provider sent you a bill and get back to you as quickly as possible.

Your secure member portal contains information that may help you answer questions about your bill. In your portal you can check your Explanation of Benefits (EOB) for the date of service to verify what you’re being billed for — a copayment, coinsurance or non-covered service.

**Ambetter from Superior HealthPlan**

5900 E. Ben White Blvd.,
Austin, TX 78741

Ambetter Member Services: 1-877-687-1196
Relay Texas/TTY: 1-800-735-2989
Fax: 1-877-941-8077

Hospital based providers may not be under contract with Ambetter as participating providers. These providers may bill you for the difference between our allowed amount and the provider’s billed charge — this is known as “balance billing.”
How To Submit A Claim For Covered Services

Providers will typically submit claims on your behalf, but sometimes you may have to pay for a covered service and file a claim for reimbursement.

This may happen if:
- Your provider is not contracted with us.
- You have an out-of-area emergency.

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid, less any deductible, copayment or cost sharing that is your financial responsibility.

To request reimbursement for a covered service, you need a copy of the detailed claim from the provider. You also need to submit an explanation of why you paid for the covered services along with the member reimbursement claim form posted on the health plan website under “Member Resources”. Send this to us at the following address:

**Ambetter from Superior HealthPlan**  
Attn: Claims Department  
P.O. Box 5010  
Farmington, MO  63640-3800

After getting your claim, we will let you know we have received it, begin an investigation and request all items necessary to resolve the claim. We will do this in 15 days or less.

We will notify you in writing that we have either accepted or rejected your claim for processing within 15 days after receiving all items necessary to resolve your claim. If we accept your claim, we will make payment within 5 business days after notifying you of the payment of your claim. If we reject your claim, we will give you the reason your claim is rejected. If we are unable to come to a decision about your claim within 15 days, we will let you know and explain why we need additional time. We will make our decision to accept or reject your claim no later than the 45th day after our notice about the delay.
When Do You Need A Referral?

If you have a specific medical problem, condition, injury or disease, you may need to see a specialist. A specialist is a provider who is trained in a specific area of healthcare. To see a specialist, we recommend you first visit your PCP. He/she will refer you to a specialty provider for care if necessary. It is important that you verify the specialist you are referred to is a preferred provider, meaning they are in the Ambetter network, so you don’t get billed for something you weren’t expecting.

You should get a referral through your PCP for the following services. Those marked with an asterisk also require prior authorization through Ambetter before receiving the service.

- Specialist services, including standing or ongoing referrals to a specific provider
- Diagnostic tests (X-rays and labs)*
- High-tech imaging (CT scans, MRIs, PET scans, etc.)*
- Scheduled outpatient hospital services*
- Planned inpatient admission*
- Clinic services
- Renal dialysis (for kidney disease)*
- Durable medical equipment (DME)*
- Home healthcare*
- You should also get a referral through your PCP to see an out-of-network provider

You do not need a referral from your primary care provider (PCP) for behavioral health services from providers that are in our behavioral health network.
Your Primary Care Provider (PCP), also known as your personal doctor, is the person you should see for all aspects of your healthcare — from your preventive care to your basic health needs and more. Choose your in-network PCP by using our online Find a Provider tool.
What’s A Primary Care Provider?

Your Primary Care Provider (PCP) is your main doctor. He/she is also known as your personal doctor. Your PCP is the person you should see for all aspects of your healthcare — from your preventive care to your basic health needs and more. When you’re sick and don’t know what to do, you should contact your PCP.

You need to have a PCP. If you haven’t chosen one, it’s time to do so. See page 28 for help selecting your PCP. After you pick a PCP, schedule a preventive care visit. Remember, you should get to know your PCP and establish a healthy relationship — get started today!

Your PCP will:

- Provide preventive care.
- Give you regular physical exams as needed.
- Conduct regular immunizations as needed.
- Deliver timely service.
- Work with other doctors when you receive care somewhere else.
- Coordinate specialty care with Ambetter.
- Provide any ongoing care you need.
- Update your medical record, which includes keeping track of all the care that you get from all of your providers.
- Treat all patients with dignity and respect.
- Make sure you can contact him/her or another provider at all times.
- Discuss what advance directives are and file directives appropriately in your medical record.
Picking The Right PCP

You can select any available PCP in our preferred provider network. The choice is up to you! You will be able to choose from:

- Family practitioners
- General practitioners
- Internal medicine
- Nurse practitioners
- Physician assistants
- Obstetricians/gynecologists (female members)
- Pediatricians (for children)

Transitioning To An Adult PCP

As a young adult, having your own healthcare plan means you’ll want to make healthy choices. Start by choosing an adult Primary Care Provider (PCP) or other healthcare provider. Your adult PCP will replace your pediatrician. So you can take charge of your health with a yearly wellness exam, an annual flu vaccination and other important healthy habits. Call Member Services at 1-877-687-1196 and let us help you find your adult PCP today!

Selecting Or Changing Your PCP

Visit Ambetter.SuperiorHealthPlan.com to choose a PCP or to change your PCP. Log in to your online member account and follow these steps:

1. Click on the “My Health” heart icon on your account home page.
2. On your current health overview page, click “Choose Provider.”
3. Pick a PCP from the list. Make sure you select a PCP who is currently accepting new patients.

To learn more about a specific PCP, call 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). You can also visit Ambetter.SuperiorHealthPlan.com to see our provider list on the Find a Provider page.

*If you choose a nurse practitioner or physician assistant as your PCP, your benefit coverage and copayment amounts are the same as they would be for services from other participating providers. See your Schedule of Benefits for more information.
Making An Appointment With Your PCP

To make an appointment with your PCP, call his/her office during business hours and set up a time and date. If you need to cancel or change your appointment, call 24 hours ahead of time. At every appointment, make sure you bring your Member ID card and a photo ID.

How long should it take to get an appointment?

You should be able to make an appointment with your PCP in a timely manner. Here are some general guidelines to follow:

<table>
<thead>
<tr>
<th>Appointment Type</th>
<th>Access Standard (waiting period)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>PCP</strong></td>
<td></td>
</tr>
<tr>

Care Around The Clock

Sometimes you need medical help when your PCP’s office is closed. If this happens, don’t worry. Just call our 24/7 Nurse Advice Line at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). A registered nurse is always available and ready to answer your health questions. If you are not sure where to go for care, call your PCP. If your PCP is not available, call the Nurse Advice Line or visit https://ambetter.superiorhealthplan.com/resources/handbooks-forms/where-to-go-for-care.html/. In a life-threatening emergency, call 911 or head straight to the nearest emergency room.

What Happens If Your Provider Leaves Our Network?

If your PCP is planning to leave our provider network, we will send you a notice 30 days before the date he/she intends to leave or as soon as we know. Please contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) and we can help you choose a new PCP.

If you are currently receiving services from a specialist that terminates from our provider network, we will also notify you. We will work with you to ensure your care continues. We will also help you find another specialist within our network.

There are special circumstances which will allow you to continue treatment, for a limited time, with a provider who has left the network. You will be able to do this as long as your provider’s termination isn’t for quality-related reasons. These special circumstances include 1) disability, 2) undergoing active treatment for a chronic or acute medical condition, 3) life-threatening illness, or 4) pregnancy if the member is in the second or third trimester.

For members undergoing active treatment for a chronic or acute medical condition the continuity of coverage will extend through the current period of active treatment or for up to 90 days, whichever is less. However, for members past the first trimester of pregnancy at the time the provider’s termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six weeks of delivery.
What Happens If Your Provider Leaves Our Network? (Continued)

If you have a specialist that disenrolls from our provider network, please call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). We will work with you to ensure your care continues. In some cases, we can arrange for you to continue with your specialist for up to 90 days. We will also help you find another specialist within our network.

In order to keep providing coverage as noted above, the PCP or specialist has to agree to:

• Accept our reimbursement as a full payment — at the same rate it was prior to him/her leaving our network.

• Not charge copayment amounts that exceed your copayments prior to disenrollment.

• Follow our quality assurance standards to providing necessary medical information related to your care.

• Comply with our policies and procedures, including procedures regarding referrals, authorization requirements and, if applicable, the delivery of services according to our treatment plan.
Where To Go For Care

When you need medical care, you need to be able to quickly decide where to go or what to do. Know your care options, so you can receive the right care at the right place.
Get The Right Care At The Right Place

When you need medical care, you need to be able to quickly decide where to go or what to do. Get to know your options! They include:

1. Calling our 24/7 Nurse Advice Line.
2. Making an appointment with your Primary Care Provider (PCP), also known as your personal doctor.
3. Visiting an urgent care center.
4. Going to the emergency room (ER).

Your decision will depend on your specific situation. The next section describes each of your options in more detail, so keep reading.

And remember — always make sure you go to preferred providers, meaning they are in-network. Using in-network/preferred providers can save you money on your healthcare costs. Every time you receive medical care, you will need your Member ID card and photo ID.

What To Do If Your Condition Isn’t Life Threatening

Call our 24/7 Nurse Advice Line or visit your PCP.

**Call our 24/7 Nurse Advice Line if you need:**

- To know whether you should seek medical treatment immediately.
- Help caring for a sick child.
- Answers to questions about your health.

**Visit your PCP if you need:**

- Help with medical problems such as colds, flus and fevers.
- Treatment for an ongoing health issue like asthma or diabetes.
- A general checkup.
- Vaccinations.
- Advice about your overall health.
**When To Go To An Urgent Care Center**

An urgent care center provides fast, hands-on care for illnesses or injuries that aren’t life threatening but still need to be treated within 24 hours. Typically, you will go to an urgent care if your PCP cannot get you in for a visit right away.

**Common urgent care issues include:**
- Sprains.
- Ear infections.
- High fevers.
- Flu symptoms with vomiting.

**If you think you need to go to an urgent care center, follow these steps:**
- Call your PCP. Your PCP may give you care and directions over the phone or direct you to the right place for care.
- If your PCP’s office is closed, call our 24/7 Nurse Advice Line at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989). A nurse will help you over the phone or direct you to other care. You may have to give the nurse your phone number.
- Check your *Schedule of Benefits* to see how much you must pay for urgent care services.

**Urgent care is not emergency care.** Only go to the ER if your doctor tells you to or if you have a life-threatening emergency.

**Have your Member ID card and photo ID ready. You will need them whenever you receive any type of care.**

Always make sure your providers are preferred providers, meaning they are in-network. Using preferred providers can save you money on your healthcare costs.
When To Go To The Emergency Room (ER)

Anything that could endanger your life (or if you’re pregnant, your unborn child’s life) without immediate medical attention is considered an emergency situation. Emergency services treat accidental injuries or the onset of what appears to be a medical condition. We cover emergency medical and behavioral health services both in and out of our service area. We cover these services 24/7.

Please note some providers that treat you within the ER may not be contracted with Ambetter. If that is the case, they may balance bill you for the difference between our allowed amount and the provider’s billed charge. This amount could be very large and would be in addition to your plan’s cost sharing and deductibles.

It’s a good idea to ask your providers if they are in-network with Ambetter so you don’t receive unexpected charges.

---

**Go to the ER if you have:**

- Broken bones
- Bleeding that won’t stop
- Labor pains or other bleeding (if you’re pregnant)
- Severe chest pains or heart attack symptoms
- Overdosed on drugs
- Ingested poison
- Bad burns
- Shock symptoms (sweat, thirst, dizziness, pale skin)
- Convulsions or seizures
- Trouble breathing
- The sudden inability to see, move or speak
- Gun or knife wounds

**Don’t go to the ER for:**

- Flus, colds, sore throats or earaches
- Sprains or strains
- Cuts or scrapes that don’t require stitches
- More medicine or prescription refills
- Diaper rash
ERs Are For Emergencies Only

If you go to the ER when you don’t need immediate medical or emergency attention, you may wind up waiting longer and paying more. So it’s very important to only use the ER for real emergencies.

If you aren’t sure if you need emergency care, that’s okay. Call your Primary Care Provider (PCP) first. He/she will tell you what to do. If your PCP is unavailable, call our 24/7 Nurse Advice Line at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

If your condition is severe, always call 911 or go to the nearest ER. You can use any hospital to receive emergency services. You or someone acting on your behalf must call us and your PCP within one business day of your admission. This will help your PCP arrange any follow-up care you may need.

In the event of an emergency, it’s okay for you to visit hospitals that are out of our network. Just remember you will be responsible for charges billed by non-participating hospitals or providers. If you are admitted to the hospital for your emergency condition immediately following your emergency room visit, preauthorization of the inpatient hospital admission is required for in-network and out-of-network-facilities. You and the hospital facility must contact us if you are admitted.

All treatment received during the first 48 hours following the onset of your medical emergency will be eligible for In-network benefits. After 48 hours, In-network benefits will be available only if you use network providers. After the first 48 hours of treatment at a hospital that is not in our network, if you can safely be transferred, your care should be transferred to the care of a network provider and hospital that is in our network.

You can get emergency behavioral health services by calling 911 and connecting to your local pre-hospital emergency medical service system. We won’t deny you coverage for medical and transportation expenses for emergency behavioral health conditions.
Health & Wellness Programs

We want to get you healthy, keep you healthy and help you with any illness or disability.

To help you manage your health, we provide several health management programs, which are all included in your plan for free.

As an Ambetter member, you can earn reward dollars for taking charge of your health. Our myhealthpays™ program rewards you for completing healthy activities. Learn more about how you can earn up to $250 in rewards this year!
Health & Wellness Programs

We Make It Easier To Manage Your Health

We are committed to providing quality healthcare for you and your family. We want to get you healthy, keep you healthy and help you with any illness or disability.

To help you manage your health, we provide several programs: Care Management, Disease Management and Start Smart for Your Baby®, our healthy pregnancy and family planning program. These helpful programs are all included in your plan for free.

The next section will review these programs and help you sign up, if you are eligible.

Care Management Programs

We understand special health needs and are prepared to help you manage any that you may have. Our Care Management services can help with complex medical or behavioral health needs. If you qualify for Care Management, we will partner you with a care manager. Care managers are registered nurses or social workers that are specially trained to help you:

- Better understand and manage your health conditions.
- Coordinate services.
- Locate community resources.

Your care manager will work with you and your doctor to help you get the care you need. If you have a severe medical condition, your care manager will work with you, your Primary Care Provider (PCP) and managing providers to develop a care plan that meets your needs and your caregiver’s needs.
Disease Management Programs

Healthy Solutions for Life

If you have a chronic condition or specific health problem, our Disease Management program, Healthy Solutions for Life can help. We partner with a nationally recognized Disease Management program to provide Disease Management services. These services include telephonic outreach, education and support. We want you to be able to feel confident, understand and control your condition, and have fewer complications.

We offer Disease Management programs for:
  - Asthma – child and adult
  - Coronary Artery Disease (heart disease) – age 30+
  - Diabetes – child and adult
  - Hyperlipidemia (high cholesterol)
  - Hypertension (high blood pressure)
  - Lower back pain
  - Tobacco cessation – age 18+

Have more questions or think you could benefit from one of these programs? Call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

Are you ready to quit smoking? It’s the most important thing you can do for your health. We know how hard it can be to quit, so we are here to help. Our Tobacco Cessation program provides you with the support and information you need to quit once and for all.
Family Planning Services

Family planning services provide you with the tools and resources needed to anticipate and achieve your desired outcome.

These services include:
- Birth control counseling
- Education about family planning
- Examination and treatment
- Laboratory examinations and tests
- Medically approved methods and procedures
- Pharmacy supplies and devices

Pre-Pregnancy And Pregnancy Services

- See your doctor before you get pregnant to get your body ready for pregnancy.
- Go to the doctor as soon as you think you are pregnant. To stay healthy and get off to a good start, you and your baby need to see a doctor as early as possible.
- Take care of yourself! Maintain healthy lifestyle habits like exercising, eating balanced healthy meals and resting for 8-10 hours at night.
- Do not use tobacco, alcohol or drugs now or while you’re pregnant.

Start Smart For Your Baby®

If you are pregnant, Start Smart for Your Baby® is our special pregnancy program that’s designed just for you. Through Start Smart for Your Baby®, you receive the resources and support that can help you during the stages of pregnancy and infancy. Contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) to learn more or to sign up.
myhealthpays™ Rewards Program

Earn up to $250 this year with myhealthpays™.

As an Ambetter member, you can earn reward dollars for taking charge of your health. Our myhealthpays™ program rewards you for completing healthy activities.

You will receive your myhealthpays™ Visa® Prepaid Card when you earn your first reward. If you already have your myhealthpays™ Visa Prepaid Card, your reward dollars will be added to your existing card.

We’ll automatically add any new rewards you earn to your myhealthpays™ Visa Prepaid Card. The more you do, the more reward dollars will be added to your card. It’s that simple!

You can use your rewards to help pay for your healthcare costs, such as:
- Your monthly premium payments
- Doctor copays*
- Deductibles
- Coinsurance

*My Health Pays™ rewards cannot be used for pharmacy copays.

Here is how you can earn myhealthpays™ rewards:

Behavioral Health Services

We’re here to help with treatment services for mental health or substance use disorders.
Behavioral Health Services

Mental Health And Substance Use Disorder Services

If you need help, you will be able to get it. We provide mental health and substance use disorder benefits without discriminating. These services cover the diagnosis and medically necessary active treatment of:

- Mental health disorders.
- Substance use disorders.

Your copayments, deductibles and treatment limits for behavioral health services work the same as they do for your physical health services.

You can choose any provider in our behavioral health preferred provider network. You don’t need a referral from your Primary Care Provider (PCP).

Behavioral health services you may be eligible for include:

- Emergency or crisis services
- Inpatient hospital services for psychiatric or substance use related emergencies
- Outpatient Services including therapy and medication management
- Psychological testing
- Autism Spectrum Disorder Services

In addition, Care Management is available for all of your healthcare needs, including behavioral health and substance use. Please call 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) to be referred to a care manager for an assessment.

Ambetter follows the Mental Health Parity and Addiction Equity Act (MHPAEA). We review to make sure that requirements for behavioral health are the same and not more restrictive than medical benefits. Some behavioral health services may require authorization. Please refer to your Evidence of Coverage or contact Member services for more details.
Pharmacy Benefits

We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases. Learn about coverage for your medications and our Ambetter Drug List, or Preferred Drug List (PDL).
Pharmacy Benefits

Coverage For Your Medications

Our pharmacy program provides high-quality, cost-effective medication therapy. We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases. When ordered by a provider, we cover prescription medications and certain over-the-counter medications.

Our pharmacy program does not cover all medications. Some medications require prior authorization or have limitations on age, dosage and maximum quantities. Please refer to the Preferred Drug List, otherwise known as the Drug Formulary for a complete list of all covered medications.

For more details on your outpatient prescription drug coverage, read your Health Insurance Policy at Ambetter.SuperiorHealthPlan.com on your online member account.

Drug Formulary

Our formulary is updated on a monthly basis and includes the list of prescription drugs we cover. The formulary includes drugs you receive at retail pharmacies and our mail-order pharmacy. The Ambetter Pharmacy and Therapeutics (P&T) Committee continually evaluates our formulary to make sure we are using medications in the most appropriate and cost-effective way. The P&T Committee consists of physicians, pharmacists and other healthcare professionals that represent local interests.

**Definition of formulary** — The formulary is a guide to available brand and generic drugs that are approved by the Food and Drug Administration (FDA) and covered through your prescription drug benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed as Tier 2 to help identify brand drugs that are clinically appropriate, safe, and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. Please check your benefits for coverage limitations and your share of cost for your drugs.
Over-The-Counter (OTC) Prescriptions

We cover a variety of over-the-counter (OTC) medications. You can find a list of covered over-the-counter medications in our formulary — they will be marked as “OTC.” Our formulary covers your prescriptions when they’re from a licensed provider. Your prescription must meet all legal requirements.

How To Fill A Prescription

Filling a prescription is simple. You can have your prescriptions filled at a participating retail pharmacy or through our mail-order pharmacy.

If you decide to have your prescription filled at a participating pharmacy, you can use our Provider Directory to find a pharmacy near you. You can access the Provider Directory at Ambetter.SuperiorHealthPlan.com on the Find a Provider page. This tool will not only let you search for pharmacies, but also for doctors, hospitals, and clinics. You can also call a Member Services representative to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your Member ID card.

We also offer a three-month (90-day) supply of maintenance medications by mail or from participating retail pharmacies for specific benefit plans. These drugs treat long-term conditions or illnesses, such as high blood pressure, asthma and diabetes. Visit Ambetter.SuperiorHealthPlan.com to find a list of covered medications. We can also mail you the list directly.

Mail Order Pharmacy

If you have more than one prescription you take regularly, our home delivery program might be right for you. If you select to enroll, you can get your prescriptions safely delivered right to your door. This service is fast, convenient and is offered at no extra charge to you. You will still be responsible for your regular copays/co-insurance. To enroll for home delivery or for any additional questions, call our mail-order pharmacy at 1-888-239-7690. Alternatively, you can fill out the enrollment form and mail the form to the address provided at the bottom of the form. The enrollment form can be found on our Ambetter website. Once on our website, click on the section “For Members,” “Pharmacy Resources.” The enrollment form will be located under “Forms.”
Optional vision care benefits include routine eye exams and more when you add them to your Ambetter health plan.
Adult Vision Benefits

Adding Vision Care To Your Plan

We offer an optional vision care package for adults (children 19 and under already have vision benefits). You can add vision care to your current plan for a small monthly charge.

Our vision care package includes:
- Routine eye exams
- Prescription eyeglasses
- Contact lenses

For information regarding your specific copayments and/or deductible, see your Schedule of Benefits.
Utilization Management

We want to make sure you get the right care and services. Our utilization management process is designed to make sure you get the treatment you need. Learn about our review and authorization process.
What Is Utilization Management?
We want to make sure you get the right care and services. Our utilization management process is designed to make sure you get the treatment you need.

Your Services

Are you wondering whether or not we cover a service? We will approve all covered benefits that are medically necessary. Our Utilization Management (UM) Department checks to see if the service needed is a covered benefit. If it is a covered benefit, the UM nurses will review it to see if the service requested meets medical necessity criteria. They do this by reviewing the medical notes and talking with your doctor. We do not reward or pay our doctors or employees for approving or denying services. All decisions are based on appropriate care and coverage.

What we review:
- Medical services
- Medical and surgical supplies
- Some drugs
- Other services

Why we review:
- To determine if services will be covered on your plan
- To determine if services are medically necessary
- To determine if services will be provided in the most clinically appropriate and cost-effective manner

This information may seem complicated, but this section breaks it down for you. We use the following methods for utilization management:
- Prior authorization
- Utilization Review Program
  - Prospective utilization review
  - Concurrent utilization review
  - Retrospective utilization review
- Adverse determinations and appeals
- Review criteria

Have questions about utilization management? Call 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) to get answers.
What Are Review Criteria?

The Utilization Review Agent utilizes clinical criteria to make medical necessity decisions. The clinical review criteria are reviewed and approved with appropriate involvement from providers who are members of Utilization Management Committee (UMC) staff. Utilization Review professionals make decisions based on national guidelines, which are evidence-based medical or healthcare practices and reviews each authorization in an objective manner.

NOTE:

Our policies ensure that:

- Decisions regarding the delivery of healthcare services are based only on appropriateness of care and services, and the existence of coverage.
- Practitioners or other individuals that issue denials of coverage or service care aren’t specifically rewarded.
- Financial incentives for decision makers do not encourage decisions that result in underutilization.

A special license for Utilization Review Agents (URA) is issued through the Texas Department of Insurance and is necessary to perform medical reviews. Centene Company of Texas, LP is a licensed URA, responsible for performing utilization review for Ambetter’s Members.

What Is Prior Authorization?

Sometimes we need to approve medical services before you receive them. This process is known as prior authorization. Prior authorization means that we have pre-approved a medical service.

To see if a service requires authorization, check with your Primary Care Provider (PCP), the ordering provider or Member Services. When we receive your prior authorization request, our nurses and doctors will review it. We will let you and your doctor know whether the service is approved or denied. If prior authorization is not received on a medical service when one is required, you will be responsible for all charges.
New Technology

Health technology is always changing and we want to grow with it. If we think a new medical advancement can benefit our members, we evaluate it for coverage. These advancements include:

- New technology
- New medical procedures
- New drugs
- New devices
- New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our members. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC doesn’t review a request for coverage of new technology, our medical director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.
Quality Improvement (QI) Program

The Quality Improvement (QI) program is an important part of your Health Plan. The QI Program supports Ambetter’s goal of improving your healthcare.

The goal of the QI program is to improve your health. The QI Program monitors the quality of care and services provided to you in the areas below:

- Making sure you get the care you need, when and where you need it
- Making sure that you are receiving quality care

The QI Program also monitors:

- The cultural needs of our members
- Member satisfaction
- Member/Patient Safety and Privacy
- Ensuring we offer a wide variety of provider specialties
- Health plan services members are using

Additional Quality Improvement goals include the following:

- Good health and quality of life for all members
- Care provided by Plan Healthcare Providers meets industry-accepted standards of care
- Plan customer service meets industry-accepted standards of performance
- Provide members with Preventive Care reminders annually
- Incomplete or duplicate services will be kept to a minimum through QI activities across Plan departments
- The Member experience will meet the Plan’s expectations
- Compliance with all State and Federal laws and regulations
- Evaluate the quality of health care through HEDIS® (Healthcare Effectiveness Data and Information Set). These scores tell us when you have received the type of care you need.
What Is Utilization Review?

Our Utilization Review Program reviews services to ensure the care you receive will be the best way to help improve your health condition.

We have three different utilization review methods:

- Prospective utilization review.
- Concurrent utilization review.
- Retrospective utilization review.

**Prospective Utilization Review**

Prospective utilization review, also known as prior authorization, is a method that reviews and approves services before you receive them. We can perform a prospective utilization review once we have received the necessary information from you. "Necessary information" includes:

- The results of any face-to-face clinical evaluation (including diagnostic testing).

**OR**

- Any second opinion that may be required.

Once we have determined whether the service will be approved or denied, we will notify you and your provider in writing. If the service or benefit is denied and you don’t agree with the decision, you can file an appeal (page 58).

**Concurrent Utilization Review**

Concurrent utilization review is a review method that evaluates your ongoing services or treatment plans (like an inpatient stay or hospital admission) as they happen. This process determines when treatment may no longer be medically necessary. It includes discharge planning to ensure you receive services you need after your discharge from the hospital.

**Retrospective Utilization Review**

Retrospective reviews take place after a service has already been authorized. We may perform a retrospective review to:

- Make sure the information provided at the time of authorization was correct and complete.
- Evaluate services you received due to special circumstances (for example, if we didn’t have time to receive authorization or notification because of an emergency).
Utilization Review

Adverse Determinations

An adverse determination occurs when a service is considered not medically necessary, or because it is experimental or investigational. You may be financially responsible for any services that are not medically necessary.

You will receive written notification to let you know if we have made an adverse determination. Only a physician can make an adverse determination decision. In your adverse determination notice, you will receive detailed information about the adverse determination. You will have 180 calendar days to appeal the adverse determination. If your appeal is denied, you can request a review by an independent review organization (IRO), an independent third party who will review our decision and make a final determination.

The type of review (prospective, concurrent or retrospective) will determine when you receive an adverse determination notice.

Prospective Review
We will send you a written notice of an adverse determination in response to a request for prior authorization within three working days of receipt of the request.

Concurrent Review
If we determine your inpatient stay is no longer medically necessary, but you decide you wish to remain hospitalized, you will be notified within 24 hours of the adverse determination. Following this, you will also receive a written notice within three calendar days.

Retrospective Review
You will receive written notice of an adverse determination in response to a request for medical necessity review of a service that has been provided within 30 calendar days.

If you have a life-threatening condition, you or someone acting on your behalf or your provider can request an immediate review by an independent review organization (IRO), you are not required to submit an appeal to Ambetter before requesting an IRO.
Member Complaints & Appeals Process

We have steps for handling any problems you may have. To keep you satisfied, we provide processes for filing appeals or complaints.
Member Complaints & Appeals Process

How To File An Appeal Of An Adverse Determination

If you have been denied medical or behavioral health services that are medically necessary, you can request an appeal. You must file the appeal within 180 days of the denial.

How quickly we answer your appeal depends on the type of appeal you file:

**Standard Appeal**
- An appeal that does not involve urgent care such as emergency care, life-threatening conditions, or continued hospitalization.
- Response time: within 30 calendar days of receipt of the appeal.

**Expedited Appeal**
- An expedited appeal is available for emergency care, life-threatening conditions, and hospitalized enrollees.
- Response time: One working day from the date we receive all information necessary to complete the appeal. We will provide the determination by telephone or electronic transmission, but will provide a written determination within three working days of the initial telephonic or electronic notification.

**Specialty Appeal**
- A specialty appeal is an appeal where the physician or other health care provider that decides on the appeal must be of the same or similar specialty as the health care provider who would typically manage the specialty condition, procedure, or treatment. This appeal is available only after we make a decision on the initial appeal. We will provide a written determination within 15 working days of receipt of the request.

**Acquired Brain Injury Appeal**
- An appeal of denied services concerning an acquired brain injury.

A doctor who wasn’t originally involved in your case will make the appeal decision. This doctor will be completely impartial. He/she won’t be under the supervision of a doctor who has reviewed your case in the past.
What Is An Expedited Appeal?

An expedited appeal is an appeal that gets answered quickly. You can request an expedited appeal if you were denied care for emergency care, life-threatening conditions or for continued hospital care. We will answer your appeal within one working day from the date we receive all of the necessary information. We will then process your expedited appeal based on the medical condition, procedure or treatment we are reviewing.

You can also request an expedited appeal for an urgent care denial. We will answer your appeal for urgent care within three days of your request. You can request an expedited appeal for urgent care if:

- You think the denial could seriously hurt your life or health.
- Your provider thinks that you will experience severe pain without the denied care or treatment.

**Continued coverage during an appeal**

You are allowed continued coverage, pending the outcome of an appeal of a concurrent care decision until:

- The end of the originally approved treatment period.
- OR
  - Determination of the appeal.

**NOTE:** This does not apply to requests for extension of services or after the original authorization has ended. You cannot request an extension of services after the original authorization has ended.

You may be financially responsible for the continued services if the appeal is not approved. You can request continued services by contacting the Appeals department at 1-877-398-9461.
Independent Review Organization (IRO)

If we don’t approve a service, you have another option for a review. This is known as an independent review organization (IRO), or a third-party reviewer. Doctors who don’t work for us make up the IRO.

How to request an IRO if you have a:

- **Life-threatening condition.**
  - You can request an IRO without appealing through us first. The IRO will give you their decision within eight days. They will also send you a letter for your records within 48 hours of making their decision.

- **Non-life threatening condition.**
  - File an appeal with us before requesting an IRO. If we do not answer your appeal in 30 days, you can request an immediate IRO review.

If you want to ask for an IRO, we can help. Call our appeals coordinator at 1-877-398-9461.
If You’re Dissatisfied

We hope you will always be happy with us and our providers. But if you aren’t, we have steps for handling any problems you may have. If you are dissatisfied with any aspect of Ambetter or its network of providers, the following processes are available to you:

• Complaint process
• Complaint submission to the Texas Department of Insurance

How To File A Complaint

You can file a complaint if you are dissatisfied with Ambetter or an Ambetter provider. You must send your complaint in writing. You can mail or fax it to the address/fax number below.

You can also call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) for assistance. If you call us about your complaint, you will receive a complaint acknowledgment letter within five days that includes a written complaint form. You must complete the form and return it so we can process your complaint and respond in writing. If you have questions or need assistance, we can help you complete the form.

Send your written complaint or completed complaint form to:

Ambetter from Superior HealthPlan
Complaints Department
5900 E. Ben White Blvd.,
Austin, TX 78741
Fax: 1-866-683-5369

Expedited Complaints
If your complaint concerns an emergency or a situation in which you may be forced to leave the hospital prematurely, we will resolve it no later than one business day from the time that we receive it. Within three business days, you will get a letter with the resolution to your complaint.

Non-Expedited (Standard) Complaints
If your complaint is not expedited, you will get the resolution within thirty (30) calendar days of the date we receive your complaint.
How To File A Complaint (Continued)

Appealing a Complaint Resolution
If you aren’t satisfied with the resolution to your complaint, you can request an appeal. You must do so within 30 days from the date the resolution letter was mailed to you. In response to your complaint appeal, we will hold a complaint appeal panel at a location in your area. A complaint appeal panel includes our staff, provider(s) and member(s). You will receive a hearing packet five days before the appeal panel hearing. You may attend the hearing, have someone represent you at the hearing or have a representative attend the hearing with you. The panel will make a recommendation for the final decision on your complaint. You will receive our final decision within 30 days of your complaint appeal request.

Filing with the Department of Insurance
You may also file your complaint with the Texas Department of Insurance (TDI) if you are not satisfied with Ambetter’s response to your complaint. There are several ways to file a complaint with TDI:

- Visit www.tdi.texas.gov and fill out a complaint form.
- Send an email to ConsumerProtection@tdi.texas.gov.
- Mail your complaint and any supporting documents to:

  Texas Department of Insurance  
  Consumer Protection (111-1A)  
  P.O. Box 149091  
  Austin, TX  78714-9091

Your Health Insurance Policy is another source for complaint and appeal procedures and processes, including specific filing details and timeframes. You can access your Health Insurance Policy in your online member account.

Communication Matters
All of our members are important to us. No matter who you are, we want to make sure we communicate with you the best way that we can. That’s why we have communication programs for people who only know a little English or may have sensory impairments. Our members, prospective members and family of members can all use these services.

If you need communication aids or materials related to complaints and appeals, you can get them at no cost.

To request language assistance or to request a material in another language or format, call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) from 8 a.m. to 5 p.m. in all Texas time zones.
Fraud, Waste & Abuse Program

See how you can help us prevent insurance fraud and abuse.
Fraud, Waste & Abuse Program

What Are Fraud, Waste & Abuse (FWA)?

Fraud refers to an intentional deception or misrepresentation that is used to gain something of value, and includes any act that constitutes fraud under applicable federal or state law.

Waste means practices that are not cost-efficient.

Abuse refers to overused or unneeded services that are inconsistent with sound fiscal, business or medical practices and result in an unnecessary cost.

We take all cases of fraud, waste and abuse seriously. If you think a provider, member or another person may be committing fraud, waste or abuse, let us know right away. Call our Fraud, Waste and Abuse (FWA) hotline.

**FWA Hotline:** 1-866-685-8664

An independent third-party answers our FWA Hotline. You can call 24 hours a day, seven days a week. And if you don’t want to, you don’t have to leave your name.

You can reach our staff by mail at

Compliance Department

5900 E. Ben White Blvd.,

Austin, TX  78741
Be informed about your rights as an Ambetter health plan member, as well as, policies we have in place to protect your privacy.
Understanding Your Rights

We want to make sure you understand the rights and responsibilities you have as an Ambetter member.

For a full list of your specific rights and responsibilities, please see your Health Insurance Policy.

Information Rights
You have the right to:

• Receive information on your rights and responsibilities.
• Request information from your Primary Care Provider (PCP) about what might be wrong (to the level known), treatment and any known likely results.
• View your medical records.
• Be informed of changes within our network.
• Information about us and our health plans.
• Request a current list of our providers and information about them.
• Select your PCP.
• Talk to your provider about new uses of technology.
• Information on our Quality Improvement Program and goals.
• Information on how we review new technology.
• Have us protect your oral, written or electronic protected health information (PHI).

Respect and Dignity Rights
You have the right to:

• Receive considerate, respectful care at all times.
• Receive assistance in a prompt, courteous and responsible manner.
• Be treated with dignity when receiving care.
• Be free of any harassment from us or our providers (especially if there are any business disagreements between a provider and us).
• Select or switch health plans within the Health Insurance Marketplace guidelines, without any threats or harassment.
• Privacy.
Understanding Your Rights (Continued)

Access Rights
You have the right to care from qualified health professionals. This includes the right to:
- Access treatment or services that are medically necessary, regardless of age, race, creed, sex, sexual preference, national origin or religion.
- Access medically necessary emergency services 24 hours a day and seven days a week.
- Seek a second medical opinion from a participating provider.
- Receive information in a different format in compliance with the Americans with Disabilities Act (if you have a disability).

Informed Consent
It’s your healthcare — and you have the right to be involved in it.
You, your legal guardians or legal representatives have the right to:
- File an appeal or complaint.
- Join in decision-making about your healthcare.
- Work on any treatment plans and make care decisions.
- Know any possible risks or problems related to recovery and the likelihood of success.
- Not receive any treatment without freely giving consent.
- Be informed of your care options.
- Know who is approving and performing the procedures or treatment.
- Receive a clear explanation of the nature of the problem and all likely treatment.
- An honest discussion on appropriate clinically or medically necessary treatment options for your condition, regardless of cost or coverage.

Complaint/Appeal Rights
You have the right to file an appeal or complaint if you:
- Have had an unsatisfactory experience with us or with any of our participating providers.
- Disagree with certain decisions we have made.

External Review Rights
You have the right to apply for an independent external review with the Texas Department of Insurance if:
- You have been denied services for a life-threatening condition.
- We did not resolve an appeal to your satisfaction.
- When we have not responded to your appeal within 30 days.

Rights and Responsibilities Policies
Your opinion matters. You have the right to make recommendations about our Member Rights and Responsibilities policies.
Your Information Is Safe With Us

Your health information is personal. So we do everything we can to protect it. Your privacy is also important to us. We have policies in place to protect your health records.

**Protected Health Information (PHI)**

PHI is any information about your healthcare. This includes payment information and your health records. We protect all of your oral, written and electronic PHI. Ambetter employs business practices ensuring physical and technical safeguards are in place, including a state-of-the-art computer security process ensuring our members’ information is protected.

**Health Insurance Portability and Accessibility (HIPAA)**

HIPAA is the law that keeps your healthcare information private. We follow HIPAA requirements and have a Notice of Privacy Practices. This notice describes how your medical information may be used and disclosed, and how you can access this information. We will notify you of these practices every year. Please review your Notice of Privacy Practices carefully. If you need more information or would like the complete notice, visit [Ambetter.SuperiorHealthPlan.com](http://Ambetter.SuperiorHealthPlan.com) or call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

**Refusal of Treatment**

You don’t have to receive treatment if you don’t want it. You can refuse treatment to the extent that the law allows. However, remember that you are responsible for your actions if you refuse treatment or don’t follow your PCP’s instructions. Talk about all treatment concerns with your PCP — he or she can discuss different treatment plans with you, if there is more than one that may help. The final decision is up to you.

**Identity**

You have the right to know the name and job title of people who give you care. You also have the right to know which doctor is your PCP.

**Language**

If you don’t speak or understand the language in your area, you have the right to an interpreter.

At any time, you can ask us for a copy of your personal health records or require authorizations to restrict your PHI. You have the right to:

- Ask us to give your records only to certain people or groups, and to indicate the reasons for doing so.
- Ask us to stop your records from being given to family members or others who are involved in your healthcare. (While we will try to follow your wishes, the law may not require us to do so.)
- Ask for confidential communications of your health records. For example, if you think you’d be harmed if we sent your records to your current mailing address, you can ask us to send your health records in another way (like a fax or an alternate address).
- Request behavioral health records. We can only provide this information if we get approval from your treating provider, or from another equally qualified behavioral health professional. We will notify you if we release any medical or behavioral health record information to a medical professional.
- View and get a copy of your designated health record set. This includes anything we use to make decisions about your health, including enrollment, payment, claims processing and medical management records.

In some cases, you won’t be able to get access to your health records. If we can’t give you a copy of your health records, we will let you know in writing. You can always have our action reviewed. We may not be able to give you:

- Information contained in psychotherapy notes.
- Information collected for a court case or another legal proceeding.
- Information involving federal laws about biological products and clinical laboratories.

If you would like to exercise any of your rights, please contact Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).
Updating Your Health Records

You have the right to make changes to your health records:

- If the information in your health records is wrong or incomplete, you can ask us to make changes. These changes are known as amendments. All of your amendment requests need to be in writing. You will need to give a reason for your change(s). We will get back to you, in writing, no later than 30 days after we receive your request.
- If we don’t have your health information on-site, we will respond no later than 60 days after we receive your request.
- If we need additional time, we may take up to another 30 days. We will let you know if it’s going to take longer and will tell you the date when we will get back to you.
- If we make your changes, we will let you know. We will also give your changes to others who we know have your health records and to anyone else you name.

If we choose not to make your changes, we will let you know why in writing.

If you disagree with us, follow these steps:

- Send us a letter that says you disagree with us. We will answer your letter.
- Ask that your original request for changes, our denial and your second letter of disagreement be put with your health records for future disclosures.

Right To Receive Accounting of Disclosures

You have the right to receive an accounting of disclosures of your health records. This is a list of the times we shared your health records. According to legal guidelines, we don’t have to provide:

- Health records given or used for treatment, payment and healthcare operations purposes.
- Health records given to you or others with your written approval.
- Information related to a use or disclosure that you allowed.
- Health records given to people involved in your care or for other notification purposes.
- Health records used for national security or intelligence purposes.
- Health records given to prisons, police, FBI, health oversight agencies and others who enforce laws.
- Health records given or used as part of a limited data set for research, public health or healthcare operations purposes.
Right To Receive Accounting of Disclosures  (Continued)

To receive an accounting of disclosures, send us a request in writing. We will act on your request within 60 days — and if we need more time, we may take up to another 30 days.

Your first accounting of disclosures list will be free. You can get a free list every 12 months. If you ask for another list within 12 months, we may charge you a fee. But don’t worry — we will let you know about the fee in advance and you’ll have the chance to take back your request.

How To Use Your Rights

We want you to be happy as our member. That includes knowing and understanding your rights at all times. Remember, you have the right to receive a copy of this member handbook.

We may change or update our policies at any time. If we do, these changes will apply to all of our health records. Whenever we make changes, we will send a new notice to you.

If you feel like your rights have been violated, contact:

Privacy Officer
Ambetter from Superior HealthPlan
5900 E. Ben White Blvd.,
Austin, TX  78741

Phone: 1-800-218-7453
Relay Texas/TTY: 1-800-735-2989
Fax: 1-866-702-4830

You can also contact the Secretary of the United States Department of Health and Human Services (HHS):

Office for Civil Rights
U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C.  20201

Phone: 1-800-368-1019
TTY/TDD: 1-800-537-7697

If you file a privacy complaint, we promise that we will not take any action against you, your physician, provider or anyone else acting on your behalf.
Member Responsibilities

Understand how your Ambetter health plan works. And know what you should do as an Ambetter health plan member.
Here’s What You Should Do

Your Health Insurance Policy can help you understand how your plan works. Make sure you read it. Here are a couple of key points:

**Giving Information**
Always provide accurate and complete information about your health. This includes your present conditions, past illnesses, hospitalizations, medications and any other matters. Let us know that you clearly understand your care and what you need to do. Ask your doctor questions until you understand the care you are receiving. You need to review and understand the information you receive about us. Make sure you know how to use the services we cover.

**Your Doctor’s Advice and Your Treatment Plan**
You should follow the treatment plan your medical providers suggest. Ask questions to make sure that you fully understand your health problems and treatment plan. Work with your Primary Care Provider (PCP) to develop treatment goals. If you don’t follow your treatment plan, your doctors may tell you the likely results of your decision.

**Member ID Card**
At every appointment, always show your Ambetter Member ID card before you receive care.

**Emergency Room Use**
Only use an emergency room (ER) when you think you have a medical emergency. For all other care, you should call your PCP.

**Appointments**
Make sure you keep your appointments. If you cannot keep an appointment, you should call to cancel or reschedule. Whenever possible, schedule your appointments during office hours.

**Your PCP**
You should know the name of your PCP, also known as your personal doctor, and establish a relationship with him/her. At any time, you can change your PCP by contacting our Member Services Department at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989).

**Treatment**
You should treat all of our staff, providers and other members with respect and dignity. If you have concerns about your care, please let us know in a useful manner.

For more information about your member responsibilities, read your Health Insurance Policy.
Here’s What You Should Do  (Continued)

**Changes**
If you have any updates to your personal information, income, or household changes, you should report them to the Marketplace as soon as possible. Below are examples of changes you must report to the Marketplace.

- Changes to your expected income for the year
- Changes in health coverage
- Changes to your household or individual members
- Corrections to name, date of birth, or Social Security number
- Changes in status (i.e. disability, tax filing, citizenship)

Visit [https://www.healthcare.gov/reporting-changes/which-changes-to-report/](https://www.healthcare.gov/reporting-changes/which-changes-to-report/) for more information on the types of changes that should be reported to the Marketplace.

**Other Medical Insurance**
When you enroll in a plan with us, you need to give us all of the information about any other medical insurance coverage you have or will receive. You also need to tell the Health Insurance Marketplace.

**Costs**
If you access care without following our rules, you may be responsible for the charges. You are responsible for paying your portion of the monthly premium. Additionally, you may need to pay your copayments when you receive a service.

**Advance Directives**
All of our adult members have the right to make advance directives for healthcare decisions. Advance directives are forms you can complete to protect your rights for medical care in end-of-life situations. They can help your PCP and other providers understand your wishes about your health. Advance directives will not take away your right to make your own decisions. They will work only when you are unable to speak for yourself.

Examples of advance directives include:

- Living will
- Healthcare power of attorney
- “Do Not Resuscitate” (DNR) orders

For more information about advance directives, as well as a form you can use to designate a Healthcare Proxy, please call Member Services at 1-877-687-1196 (Relay Texas/TTY 1-800-735-2989) or visit Ambetter.SuperiorHealthPlan.com.
Words To Know

Look up meanings to words you may not recognize or know.
Your Healthcare Glossary

We know that health insurance can feel confusing sometimes. To help you out, we put together a list of words you may need to know as you read through this member handbook. Check it out!

Adverse Determination
This is the notice you receive if we deny a service for not being medically necessary.

Appeal
If you are denied a covered service as not being medically necessary, you can submit an appeal.

Emergency Care/Emergencies
Emergency care is care that you receive in an emergency room (ER). Only go to the ER if your life is at risk and you need immediate, emergency medical attention.

In-Network (Preferred Providers and/or Services)
The Ambetter network is the group of providers and hospitals we partner with to provide care for you. If something is in our network, or preferred, it is covered on your health insurance plan. If something is out-of-network, or nonpreferred, you will probably have to pay extra for services you receive. When possible, always stay in-network with preferred providers!

Major Medical Expense Policy
Also known as your Health Insurance Policy, this document lists all of the services and benefits that your particular plan covers. Your Major Medical Expense Policy has information about your specific copayment, cost sharing and deductible amounts. Read through your Major Medical Expense Policy (or Health Insurance Policy) — it can help you understand exactly what your plan does and doesn’t cover.

Out-of-Network (Nonpreferred Provider and/or Services)
Medical or healthcare treatment services, or supplies furnished by a nonpreferred provider, or a claim filed by a nonpreferred provider for the treatment, services, or supplies. Nonpreferred providers, also known as out-of-network providers, are physicians or healthcare providers, or an organization of physicians or healthcare providers, that does not have a contract with Ambetter to provide medical care or healthcare on a preferred benefit basis to members covered by a health insurance policy issued by Ambetter. If something is out-of-network or nonpreferred, you will probably have to pay extra for services you receive. It’s best to stay in-network with preferred providers when possible.
Your Healthcare Glossary (Continued)

**Premium Payment**
Your premium is the amount of money you’ll pay every month for health insurance coverage. Your monthly bill shows your premium payment.

**Preventive Care Services**
Preventive care services are regular healthcare services designed to keep you healthy and catch problems before they start. For example: your checkups, blood pressure tests, certain cancer screenings and more. A list of Preventive Care services can be found within your Evidence of Coverage, as well as on our website at Ambetter.SuperiorHealthPlan.com.

**Primary Care Provider (PCP) or Personal Doctor**
Your PCP, or personal doctor, is the main doctor you will see for your healthcare needs. Get to know your PCP well and always stay up-to-date with your well-visits. The better your PCP knows your health, the better he/she is able to serve you.

**Prior Authorization**
Prior authorization may be required for covered services. When a service requires prior authorization, then the covered service needs to be approved before you visit your provider. You will need to submit a prior authorization request. Failure to request prior authorization may result in you being responsible for any charges related to your medical services.

**Schedule of Benefits**
Your Schedule of Benefits is a document that lists covered benefits available to you and lets you know when you are eligible to receive them. Your Schedule of Benefits has information about your specific copayment, cost sharing and deductible amounts.

**Subsidy**
A subsidy is a tax credit that lowers your monthly premium. Subsidies come from the government. Whether or not you qualify for one depends on your family size, your income and where you live.

**Urgent Care**
Urgent care is medical care that you need quickly. You can get urgent care at an urgent care center.

**Utilization Management**
This is the process we go through to make sure you get the right treatment. We review your medical and health circumstances and then decide the best course of action.
Statement Of Non-Discrimination

Ambetter from Superior HealthPlan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Ambetter from Superior HealthPlan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.
