Overview
Who We Are

- Ambetter from Superior HealthPlan provides market-leading, affordable health insurance on the Health Insurance Marketplace.

- We are certified as a Qualified Health Plan issuer.

- Ambetter delivers high quality, locally-based health-care services to its members, with our providers benefiting from enhanced collaboration and strategic care coordination programs.
The Affordable Care Act

Key Objectives of the Affordable Care Act (ACA):
• Increase access to quality health insurance
• Improve affordability

Additional Parameters:
• Dependent coverage to age 26
• Pre-existing condition insurance plan (high-risk pools)
• No lifetime maximum benefits
• Preventive care covered at 100%
• Insurer minimum loss ratio (80% for individual coverage)
The Affordable Care Act

Reform the commercial insurance market – Marketplace or Exchanges:

• No more underwriting – guaranteed issue
• Minimum standards for coverage:
  – Benefits and cost sharing limits
• Subsidies for lower incomes (100% - 138% FPL)
• Learn more at www.healthcare.gov/.
Subsidies come in the form of:

- Advanced Premium Tax Credits (APTC)
- Cost Share Reductions (CSR)

All plans have cost shares in the form of copays, coinsurance and deductibles:

- Some members will qualify for assistance with their cost shares based on their income level.
- This assistance would be paid directly from the government to Ambetter.
Health Insurance Marketplace

• The Health Insurance Marketplace is the only way to purchase insurance and receive subsidies. Exchanges may be state-based, federally facilitated or state partnership. Texas is a Federally Facilitated Marketplace.

• The Health Insurance Marketplace is the only way to purchase insurance and receive subsidies.

• Potential members can:
  – Register
  – Determine eligibility for all health insurance programs (including Medicaid)
  – Shop for plans
  – Enroll in a plan

PCP Selection and Panel Status:

• Ambetter emphasizes to members the importance of establishing a medical home (better care, greater appointment availability, consistent care, etc.). Part of that is the selection of a Primary Care Provider (PCP).

• While members may see any provider they choose, Ambetter encourages providers to emphasize the importance of the medical home relationship to members.

• PCPs can still administer service if the member is not assigned to them and may wish to have member assigned to them for future care.

• PCPs should confirm that a member is assigned to their patient panel.
  – This can be done through the Secure Provider Portal.

Pre-Auth Needed Tool

- Use the Pre-Auth Needed Tool to quickly determine if a service or procedure requires prior authorization.

- Available on the provider section of the Ambetter from Superior HealthPlan website at Ambetter.SuperiorHealthPlan.com
Prior Authorization can be requested in 3 ways:

   - If you are already a registered user of the Secure Provider Portal, you do not need a separate registration.

2. Fax requests to:
   - Outpatient: 1-855-537-3447 (Medical) or 1-844-307-4442 (Behavioral)
   - Inpatient: 1-866-838-7615 (Medical) or 1-866-900-6918 (Behavioral)
     - The fax authorization forms are located at Ambetter.SuperiorHealthPlan.com.

3. Call for Prior Authorization at 1-877-687-1196.
Prior Authorization

Prior Authorization will be granted at the CPT code level:

• If a claim is submitted that contains CPT codes that were not authorized, the services will be denied.

• If additional procedures are performed during the procedure, the provider must contact Ambetter to update the authorization in order to avoid a claim denial.
  - It is recommended that this be done within 72 hours of the procedure; however, it must be done prior to claim submission or the claim will deny.

• Ambetter will update authorizations but will not retro-authorize services.
  - The claim will deny for lack of authorization.
  - If there are extenuating circumstances that led to the lack of authorization, the claim may be appealed.
HB 3459

• Providers will be exempt from obtaining prior authorization for services in which they previously received approval for at least 90% of their requests.
  – Please note outstanding guidance and rules impacted are provider definition, minimum quantitative request and inpatient applicability to hospital systems.

• Twice a year, an exemption may be evaluated to rescind if:
  – 90% of the claims reviewed do not meet medical necessity criteria.
  – In these cases, providers may request an appeal and seek an independent review.

• The prior authorization requirements for out-of-network requests will remain the same.

Please note, as additional Texas Department of Insurance (TDI) guidance and adoption rules are released the information above is subject to change, to be modified or removed in its entirety.
Complaints/Appeals

Claims:
• A provider must exhaust the Claims Reconsideration and Claims Dispute process before filing a complaint or appeal.

• Upon receipt of complete information to evaluate the request, Ambetter will provide a written response within 30 calendar days.
Complaints, Grievances and Appeals

- Expedited appeals may be filed if the time expended in a standard appeal could seriously jeopardize the member’s life or health. The timeframe for a decision for an expedited appeal will not exceed 72 hours.
Complaints, Grievances and Appeals

• Members may designate providers to act as their representative for filing appeals related to Medical Necessity.
  − Ambetter requires that this designation by the member be made in writing and provided to Ambetter.
